R.I.P.

Hell-o, sick-o-maniacs! Here's most interesting interview with Mark Sawickis of gore metal king, IMPETIGO!!! As you know they're broke up now 'cause they tired the underground scene. But I really want IMPETIGO's interview for this SICK/GORE/BIZARRE issue. Without IMPETIGO, no one can't tell the true gore metal or ultra sick. So I made up interview with him, if it's gonna be the last talk of IMPETIGO. Here's last words of LESIONS OF IMPETIGO, enjoy!!

1) IMPETIGO IS THE MOST FAMOUS AND MOST INCREDIBLE SICK/GORE METAL BAND EVER. PLEASE TELL ME WHY YOU CHOOSE SICK/GORE SUBJECT?

— Well we played death/grind and sang about gore subjects because it's what Stevo and I loved most! We were into playing extreme music and we were huge fans of horror/gore movies. We didn't just sing about gore topics because it was a death metal type of lyrics we sang about it because we were huge fans and collectors of gore films, books, magazines etc. Even before we had the band we were big fans of horror so it was just natural to us to use it in the band. Our image, lyrics, art etc. was all horror/gore based.

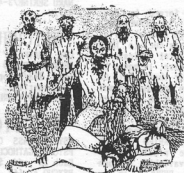

2) WHAT'S YOUR FAVE GORE/SICK BAND? AND IS THERE ANY RECOMMEND BANDS?

— I think that would have to be MORTICIAN. They are amazing, the most brutal and extreme band ever with the lowest true vocals even. Other bands of this style that I recommend are MACABRE, NECROPHAGIA, AUTOPSY, REPULSION, NECRONY, DERANGED, NUCLEAR DEATH and PHLEGM. These were the best in this style though some are broken-up now, I don't like many of the new gore/sick bands. Also DECEASED are gods!

3) YOU ARE COMPLETELY SATISFIED

CONTRACT WITH WILD RAGS. I HEARD SOME GUYS SAID, "WILD RAGS FUCK OFF!". HOW DO YOU FEEL ABOUT IT? EVEN HELLWITCH HAVE BEEN IN CONTRACT WITH W.R. WHO RECENTLY FIRED OUT FROM W.R..

— Yes while we were with WILD RAGS we were satisfied with our deals. Richard C. gave us a lot of freedom to do what we wanted and the deal was very basic and true underground. Not one of these bullshit rock star independents like EARACHE, ROAD RACER, CENTURY MEDIA, METAL BLADE, GRINDCORE etc. Those labels only kill and exploit death metal and are run by idiots who don't

give a shit about bands. That's why the scene sucks so bad today with all these shitty sound alike death metal bands. That's why we broke-up and left the scene. WILD RAGS allowed us total control and encouraged us to keep on doing mail, writing to zines, etc. Of course you won't make a lot of money by being on WILD RAGS but at least you can keep your respect for true underground. We were never ripped off but I can't speak for others.

4) VINYL TURNED TO CD, NOWADAY, WILD RAGS STILL RELEASING CASSETTE VERSIONS. PEOPLE WANT TO LISTEN TO CD OF YOURS. ARE YOU

SATISFY IN THIS SITUATION?

— Well WILD RAGS now does CD's of almost all releases, so that is no longer a problem. Our "HORROR OF THE ZOMBIES" album is on CD but WILD RAGS has no distribution deals in the U.S. or over seas, so it's difficult to find them. But in trying to do things on your own this is one of the sacrifices which must be made. Our first album is only on CD in Europe, and now out-of-print. So it's kind of rare! We no longer sell our merchandise now.

5) ANYWAY, WHAT MEANS "IMPETIGO"?

— IMPETIGO is an infectious skin disease, it causes your skin to get reddish-brown crusty oozing lesions on it and it spreads very quickly so if not properly treated it can cause your skin to start rotting off. It's a pretty brutal disease if not treated.

6) IMPETIGO IS WHICH BAND "DEATH METAL" OR "GRIND" BAND?

— Well I'd say our first demo's and debut LP were more in a grind style. But our "FACELESS" EP + "HORROR OF THE ZOMBIES" LP were closer to death metal—we always intended to be more death metal but it took us time to achieve the true sound we wanted.

7) YOUR INFLUENCES ARE VERY HUGE. BUT THERE'S NO SAME SOUND BAND. THAT'S WHY YOU'RE THE ORIGINAL BAND. HOW DO YOU FEEL ABOUT IT?

— Yes our original sound is why we had such a loyal following and what helped us to stay more true underground. As you said we draw influences from a lot of bands but the ones who most directly affected our sound were REPULSION, MASTER and AUTOPSY. But we don't sound like any of those bands we didn't strive to be original, that's just how our songs developed and STEVO's vocals are very different sounding than most singers in this music! It's not easy to be original today so

SAKE EATEN THE
Before I Kill More

It's something we were very proud of and people did take some notice of it.

8) YOU'VE STOPPED PLAY NOW. ARE YOU DOING AGAIN YOUR ZINE 'UNIFORCE'?

—That's correct, in November of 1993 IMPETIGO has totally split-up. We just lost the interest to continue any more so we decided it was best to end the band as we are 100% satisfied with the 'HORROR OF THE ZOMBIES' LP—it was a good endpoint. No, I won't start up UNIFORCE again as I don't like today's scene much. Now I'll just concentrate on my horror/gore collection and not do any band or zine.

9) WHERE'S YOUR SICK/GORE LYRICS CAME FROM? MOST OF THE GORE BANDS TAKEN FROM HORROR FILMS. BUT YOUR'S ARE LITTLE BIT DIFFERENT FROM OTHERS, I THINK.

—They came from a variety of sources, but alot of them were based off films. Maybe indirectly influenced by a film

is THE UNDERTAKER—he rules. But I also like VAN VADER, RIC FLAIR, GIANT GONZALES, YOKOZUNA, SID VICIOUS, ROAD WARRIORS, PAPA SHANGO and others. WWF has lost most good wrestlers. Now the WCW is better, more real wrestling and less show!

11) HOW DO YOU FEEL ABOUT 'WRESTLER ACTING IN SCREEN', LIKE EX ULTIMATE WARRIOR, HULK AND SO ON?

—It's shit, they should stay in the wrestling and not do movies. Only JESSE 'THE BODY' VENTURES was a little bit good in movies. I hate 'HULK HOGAN' and he's terrible actor.

12) DO YOU HAVE ANY JOB EXCEPT THE BAND? AND OTHER MEMBER'S?

—Yes all members work outside of the band, we make little or no money off the band, and none of us live with our parents so we all must work. I work as an accountant and SCOTTY is a computer systems analyst. STEVO works at a screen printing factory and DAN works in a

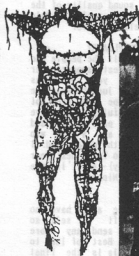

most all bands.

14) STEVO DOING ANOTHER BAND 'INSOMNIA' WHO PLAY DOOM METAL. HOW DO YOU FEEL ABOUT IT? AND DO YOU LIKE DOOM BANDS? WHAT'S YOUR FAVE?

—Yes I like INSOMNIA, they are a cool band and it doesn't bother me STEVO has another band. It worked good for him since IMPETIGO is broken-up. But ever when he had two bands it was okay, there was no conflict. Yes I like some doom bands, I guess ST. VITUS or COUNT RAVEN was my favorite. Sometimes though doom is a bit to boring for me. Too slow.

15) WHAT IS THE MOST SICKEST EXPERIENCE DID YOU EVER HAD?

—Well really I've not had too many sick experiences to tell about. I guess when I was young I had very bad case of chicken pox—these were all over my body with large pox and pustules, it was the most disgusting I ever felt. I'm so glad you don't get those except once in your life.

or directly influenced by a film. But not about common films like 'HELLRAISER', 'CHAINSAW MASSACRE', and such, but true underground films like 'CANNIBAL APOCALYPSE', 'GATES OF HELL', 'NEKROMANTIK', 'CANNIBAL HOLOCAUST' and more! Also some were creations of STEVO's bizarre mind, all are just stories but I think different than most bands as you said.

10) I KNOW YOU'RE INTO WRESTLING. WHO IS YOUR FAVE WRESTLER. RECENTLY WWF IS IN ALTERNATION OF GENERATIONS, NOW.

—I guess my favorite wrestler

lumbeyard. So we all have busy full time jobs, the band was just a hobby, for fun.

13) DO YOU HAVE ANY RELATIONSHIP WITH OTHER DEATH/GRIND BANDS? AND ANY PROJECT OR SOMETHING LIKE THAT?

—Yes many, but since we are broken-up no projects are planned. Some of the other bands we were really good friends with are MEAT SHITS, MACABRE, VITAL REMAINS, AUTOPSY, REPULSION, BLOOD, SIGH, TRANSGRESSOR, BLOOD DUSTER, ABIGAIL, DECEASED, GUT and really many others but those we know best. We get along with

Also when I saw my Japanese friend eat whole fish including 'MARAWATA' (It means guts — ED) it was shocking!!

16) DO YOU WANNA BE ZOMBIE? (ha, ha) IF YOU WERE ZOMBIE, HOW TO KILL?

—I guess after I was dead it would be best to be a zombie instead of just lying in the ground, I'd want to wait a while before I became a zombie so my body would be nice and decayed with worms in my eye socket! I would kill only women after ripping off their clothes. I think ripping open the stomach

is best since all organs are there!

17) ANOTHER GORE BAND C. CORPSE ALWAYS GETS IN TROUBLE WITH COVER ART AND LYRICS. Did you ever had? IS THERE ANY INTERESTING OR BULLSHIT STORIES?

— Well when we did our first album we never were allowed to print the original cover, it was a very gory scene involving cannibals eating their prisoners. But the main problem was not the gore but the nudity we had, full male and female frontal nudity. The printers said they could get in legal trouble if we printed it so it was never done, but after that we had no problems with our art work on lyrics. We don't get the high level exposure and distribution that CANNIBAL CORPSE does.

18) WHAT IS THE DIFFERENCE BETWEEN 'HUMAN EATING ANIMALS, AND HUMAN EATING HUMAN.'?

— I don't think there is much difference except in the peoples minds meat is meat. But all through history cannibalism has been very taboo and feared. I guess people can see themselves in the people they would eat so they never dare. The taste is probably similar.

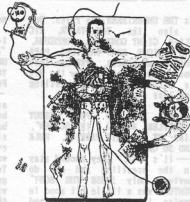

19) IMPETIGO - CREATING TOTAL ORIGINAL SONGS. WHAT IS THE MOST ORIGINALITIES IN YOUR MUSIC?

— I guess it would be first our vocals as STEVO's style is not typical. Also the guitar parts are not the usual heavy riffing, mainly more notes and open strings, more simple and less technical, but our rhythms are more catchy and easy to get into. Also DAN's drumming is very different and unique—he has no death metal influences so he creates it himself. All three elements cause our originality.

20) DO YOU HAVE ANY PLANS TO RECORDING? HAVE YOU ANY NEW MATERIALS? TELL ME ABOUT IT?

— No new plans as we are broken up—all things we have ever recorded have been released—originally we were planning a possible live release or maybe our 'GIALLO' demo on CD—but now I don't think this will happen. We had written 2 new songs since the 'HORROR OF THE ZOMBIES' LP called 'PLANET OF THE VAMPIRES' and one untitled, but they were never ever recorded in any form.

21) HOW DO YOU FEEL ABOUT 'SAME PRODUCER IN SAME SOUND' LIKE MORRISOUND IN SCOTT BURNS OR

SUNLIGHT IN TOMAS SKOGSBERG?

— I used to like the SUNLIGHT releases, but I never liked the MORRISOUND shit much. Really I think most death metal is totally over produced—it was never meant to be recorded in such expensive professional studio—especially MORRISOUND really loses the raw edge that death metal needs. I like production, like REPULSION and, AUTOPSY used—very raw! We used small local unknown studios!

22) WHO IS THE MOST SICK AND CRUELEST HUMAN KILLER?

— I think that was maybe ALBERT FISH as he killed children and he also at them. He was a truly sick individual and a masochist. Maybe he didn't kill the most but he was a total deviant and pervert—but there are so many like this it's hard to even compare them! All serial killers should get the death penalty!!

23) HAVE YOU HEARD CARCASS'S NEW ALBUM (HEARTWORK LP)? TELL ME ABOUT HONEST OPINION OF THAT? MOST OF THE UNDERGROUND PEOPLE WATCHED THEIR SHOW AND SAID 'CARCASS RIP US OFF'. THEY'RE NO LONGER IN DEATH METAL SCENE NOW.

— Well I heard it once but I don't like it and no they really aren't death metal and they don't want to be so I urge all death metal fans to stop buying any CARCASS stuff, they have become ridiculous Rock Stars and totally turned their backs on

the underground and that is who made them. Fuck CARCASS!! They should change their name and stop fooling themselves!

24) I HEARD YOUR WIFE IS VERY BEAUTIFUL. WHERE AND WHEN DID YOU MET HER?

— Thank you very much, I'm very happy with my wife! We're been married now for almost 4 years. I met her about 7 years ago at a local show. She's not really into underground music but she happened to be at this one show so it was a very chance meeting but we have been together ever since.

25) ANY FUTURE PLANS AND FUTURE RELEASES?

— Well there is nothing planned for IMPETIGO since we are broken up. Originally there was going to be a domestic CD release of 'ULTIMO MONDO CANNIBALE' and 'FACELESS'—but now I think both have been cancelled so it's pretty much the end of the IMPETIGO release. The only chance is a possible live CD but it doesn't look so good as the sound quality of the recording wasn't perfect. Only time will tell for sure!

26) FINAL WORD PLEASE?

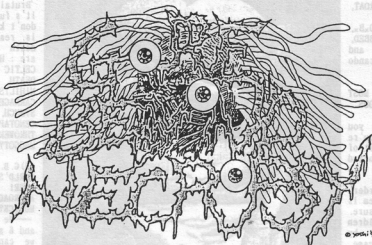

— Thanks to all the people who gave us the great support over the past 6 1/2 years—it was great fun and just because we broke-up I hope we are not forgotten. Hopefully we can live on through our past release and be remembered as a bad who stayed true to the underground. I hope to come to Tokyo next year in go-gatsu (May)—so I'll see you then! Hail Nippon!

27) ANY ADDS?

— Just a note as we have no merchandise left to sell so please don't send any more orders, thanks. Best of luck to your zine, this is the final IMPETIGO interview done.

Thank you MARK for your great answers and for your precious time. Past 6 1/2 years we've been enjoying your releases and learning what the underground is. You're the originator of SICK/GORE metal band. But after the death of IMPETIGO, your truly underground mind and pulsing blood will inherit to TRUE underground people. Good luck to your future, take care. Good bye MARK, STEVO, DAN and SCOTT. THANK YOU LESIONS OF IMPETIGO... C-YA!!

SAVING EATEN me
Before I Kill More

Japanese, no, world's most bizarre band GORE BEYOND NECROPSY, would really fit for sick minded persons all over the world (including me)! Well, the sick bastards sneaks into our mind and eat our soul, by their industrial psycho noise grind sound!! That's really original as well. For me, G.B.N. is one of favorite band, so I asked to Akinob, the insane bizarre mondo sadist, the bass player of G.B.N. His answers are truly honest and yes, sick and bizarre that I want to. So let's get sick to the core!!!

1) FIRST OFF, I ASK YOU ABOUT FIRST 7" EP. HOW'S RESPONSE HAVE YOU BEEN GET TILL NOW? ARE YOU SATISFIED WITH IT?

— We've got many good responses from insane grind sickos all over the world! Thank a lot!! Yeah, I'm really satisfied with it as our first EP. But it was recorded about a year ago, so it's a little bit old for me. I want GORE BEYOND NECROPSY will be much filthier, noisier, dirtier and more bizarre! I need total musicness and ultra noise holocaust!!!

2) A DEMO SONG "FLOATING FLESH" TOOK AGAIN ON IT. WHY? IS IT YOUR FAVE TUNE?

— Yeah, I liked it a lot. Well, we changed our machine after we had recorded the demo because sound quality of rhythm part was so weak. New version of "FLOATING FLESH" was really cool and bizarre, so we decided to record it again for the EP.

3) THERE'S MUCH MORE COMPLICATED AND CHAOTIC THAN THE 1ST DEMO. AND GOT MORE INDUSTRIALIZED. WHERE'S IDEAS CAME UP?

— We'd started to use the machine just instead of Kathuhiro, the only human drummer of GORE BEYOND NECROPSY, who had left the band in Spring '92. We couldn't find any other sexy and cute drummer, so I suggested to use a machine as GODFLESH. The drum playing of Mick (ex N. DEATH) and Ken (CARCASS 2nd lp) reminded me lots of industrial tastes and I thought "Machine blast beat must be super!!" In fact, all we are content with the machine beat. We really enjoy to play with it.

4) 1ST DEMO AND FIRST 7" EP ARE CONTAINING NO LYRICS SHEET. IS THERE ANY REASONS? WE'D LIKE TO KNOW WHAT YOU SINGING ABOUT.

— We thought the lyrics were not more important than the

music for G.B.N. so I RECOMMEND YOU... demo & THIS IS AN EP... EP has no lyrics sheet. But we plan to contain it for our future releases. The lyrics I wrote are about cannibalism, sadism, necrophagia, foeticide, extreme repulsion, dead body art and stuffs like that.

5) GORY DEATH/GRIND BANDS TOOK LYRICS FROM GORE FILMS. WHAT DO YOU THINK ABOUT IT?

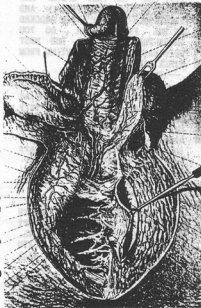

— They do it in their own way, so I can't say anything about it. They do what they want. There's no problem.

6) G.B.N. WAS TAKEN FROM GORE FILMS FOR INTROS. DO YOU LIKE GORE/SICK FILMS? WHAT ARE YOUR FAVES?

No, we didn't take Intro's from only gore films. We took Intro/SE from psychotic and sick movies like "HOLY MOUNTAIN" and "MULTIPLE MANIACS" for the EP. Yeah, I like gore films a lot. "HELLRAISER", "RE-ANIMATOR", "TEXAS CHAINSAW MASSACRE" etc... are really great. But my favorite movie is "PINK FLAMINGO"! I love all John Waters' movies.

7) DO YOU THINK THAT WHICH BANDS ARE THE BEST GORE/SICK BANDS? (I KNOW YOU'RE THE ONE!!) AND HOW DO YOU FEEL ABOUT THEM?

— Old CARCASS, old XYSMA, GENERAL SURGERY, IMPETIGO, REPULSION, GUT, REGURGITATE, NEFARIOUS, STENCH OF CORPSE and lots more! The best music for me. Without them, we don't exist. They are pure psycho sadists! In addition, the following intense grind/hard core bands also make me so sick: old N. DEATH, AGX, E.N.T., DROPDEAD, FEAR OF GOD (Swiz),

—Yeah! I like any kind of books that make me bizarre. Especially, I like to read porno & SW books so much!! My favorite one is 'Les 120 Journ es de Sadome ou l'Ecole du libertinage' by Donatien Alphonse François de Sade. It's ultra bizarre!!!! The books about the cannibalism, the serial killers make me puke, too!

 readers can look at these pictures and honestly say that a war is a somebody else's problem. These little guys and gals are in a foreign battle, demands U.S. Congress to send the top priority in federal aid. U.S. leaders arrive every day in hospitals all across America, some will be able to provide them a brighter future?

— It means..... "Put your fingers into your anus and eat shit!" He, hee, heee... Well, Mamoru stole it from a newspaper or stuff like that and put "G.B.N." on it. Originally, the article was about an AIDS baby. In this ad, we want to say, "AIDS is fuckin' horrendous so fuck yourself!"

— When I've got N. DEATH "SCUM" LP in '87~'88 (Sorry, I can't remember it), I was sooooo shocked by its unbelievable intensity. That's the first time that I was into grind core music. Before "SCUM" LP, I liked DISCHARGE, GBH, MOTORHEAD, SLAYER, HELLHAMMER/CELTIC FROST, DEATH, VOI VOD, S.O.B.s., OUTO, LIPCREAM, GISM etc... but NAPALM DEATH blew them away!!!!

—Thnx alot! I think sick & chaotic noise and bizarre industrial drum sound are. Noise & psycho rhythm are very important elements for G.B.N. Besides, we are not influenced by only grind core/death metal. Industrial noise & HC music are heavily influenced on us, too. So, I think that you can feel we're not typical grind core/death metal band.

— No. You're wrong. I said that I hate wimpy thrash metal bands with growl voices & stupid death lyrics call themselves

— We eat 7 spiders and 6 slugs a day, so we can trip and get insane for our music. (It's really tasty for me, too. — ED) Ummmm It's difficult to answer it 'caz we just do what we want.

— We really want to play in Europe but... we don't have so much money. We need financial help! Can you help G.B.N.? (Oh yes! I can give you a penny! Ha, ha. — ED)

— I don't have any fave producer. I think it's really shit to judge the music by the producer, not by the band. Yes, I am. I want to make grind core/hard core records with ultra dirty & filthy sound. It'll be great!!!

— To spread G.B.N. and to make friends with noise sickos all over the world. I don't care whether he/she thinks our music is good or not. Especially if you readers feel G.B.N. is just a fuckin' asshole, please write to me right now. Bad impressions about our noise holocaust make us to be more bizarrell! I need any letters.

— CARCASS, you were godz!! I understand you're bored with the music that you had done so far in old years but I'm so sad! IMPETIGO, rise again! I want much more!! (Fuck yeah!!! — ED)

BEFORE I KILL MORE

19) SOMEONE SAID DEATH METAL SCENE IS DEAD BY MONEY MAKING POSERS. HOW DO YOU FEEL ABOUT IT?

— That's right!! And too many ignorant & arrogant arseholes are destroying the scene, too. But I think it's ok 'coz false trend fashion bastards will leave the scene when they catch the next trend and only ones who really like the music will survive.

20) DO YOU LIKE DOOM/GOTHIC BANDS? WHAT ARE THE BEST?

— Yeah, I like WINTER alot. Ultra heaviness & chaotic doom!! Old BLACK SABBATH is really great and old CATHEDRAL and old PARADISE LOST are so cool, too. But I'm not into these slow music so much. I prefer noisy, dirty, filthy and ultra fast music.

21) G.B.N. IS THE WHICH BAND DEATH OR GRIND?

— Of course we are grind core band!

22) I THINK THERE'S CHATTING ABOUT FULL LENGTH ALBUM, ISN'T IT? WHAT CAN WE EXPECT FROM YOUR NEXT RELEASES? TELL ME THE DETAILS?

— Our next release will be double comp. tapes with Japanese grind core/grind noise bands like: DESOLATION, GENOCIDE, EUTHANASIA (rip), RABIA, SENSELESS APOCALYPSE, CARCASS GRINDER etc. from TABOO music. It'll be killer!! After that, the split EP with GUT (MAARRGGHHH) (What a coupling! Both are my fav!!)

— ED will be out in this Autumn or the end of this year. We'd recorded 4 new noises & 1 cover song for it. About the album, we made contract with M.M.I. recs. We have to write much more and more new songs for it, so I don't know when it'll be out. Only I can say about it

G.B.N. : (L to R) Mamoru, Akinob, Hironori & Kiyonob.

now is... It'll be full of shit & pukel!!

23) OK, THIS IS LAST QUESTION. IS THE MUSIC CAN BE KILL SOMEONE?

— Never!! I listened to the music just for fun so believe that it cannot be!! If someone killed other one listening to the music with gore lyrics, I think the music is not cause of the murder. It caused by this psycho sadist!!

24) FINAL WORD PLEASE?

— Thank alot for this cool interview. As I said before, the double comp. tapes & the split EP w/GUT will be out soon. Hope all you readers will get them and write to me (IRC's/stamps for the reply). All Jap. readers, come to see our gig. Good luck & take care. Stay bizarre!! Noise rules!!! @@@@

Thaaaannxxxx for the answers, Akinob!! Sorry for this long interview and spend your time to

write this shits. But GORE BEYOND NECROPSY is my real fave band!! 'Cause I definitely want to feature G.B.N. on this issue and you know, this issue is filled with GORE/SICK/BIZARRE bands. YOU RULES!!! Well, I've got the adv. tape for split EP w/GUT from Akinob. (Thanx, man!!) It's really kill me!! 4 fuckin' new bizarre noise serial killers on it and one cover song (I won't tell you who's song is). And of course there's some intros from sick filix. Open your mouth and get ready to eat 'em & taste 'em!! I know, I know, I know, you can't wait to hear that, but it needs more time. Wait!! So I gotta go. Listen to the adv. tape 1000 times more!!! DYING FETUS

When I was looking for BIZARRE band, suddenly my mind came up 'As for MEAT SHITS is total bizarre and sick!' So I made up an interview with Robert Deathrage of MEAT SHITS, at once. You know, they're the godly noise/grind with porn lyrics. This is good interview, I think. That's why his answers are really interesting even if I was asking bullshit question. Well, here's his words!!

MEAT SHITS

MEAT SHITS P.O. BOX 577241-MODESTO, CA. 95357-7241-U.S.A.

1) WELL, HOW'S CONDITIONS YOUR RECENT RELEASES?

ROBERT-So far the condition are quite good, except with the brazilian release of "TAKE THIS AND EAT IT" which has been a fucking nightmare to deal with! This label is total unprofessional to say the least. And I will never do any contacts with ROTTENNESS on a business level anymore!! But otherwise enough of my bitching! All the other releases have come out quite well to say the least!!

2) EARLY YEARS OF MEAT SHITS WAS PLAYED TOTAL NOISE MUSIC. BUT NOW YOU PLAYING LITTLE BIT DIFFERENT FROM OLD STYLE. THERE'S HUGE INFLUENCED BY DEATH METAL, INDUSTRIAL MUSIC. WHEN YOU DECIDED TO USE IT ONE YOUR MUSIC?

ROBERT-Well I always wanted to use industrial/death metal in my music style from the beginning. But when MEAT SHITS first formed due to the lack of musical abilities from TOM and a drum/rhythm machine. The most MEAT SHITS could do was noise! It was always planned for M.S. to become much more than just noise, so this wasn't a major change besides M.S. still does noise just like the old days, no change there!

3) WHAT ARE YOUR FAVE INDUSTRIAL AND DEATHLY BANDS?

ROBERT-I love SKINNY PUPPY, FRONT 242, PITCH SHIFTER, MINISTRY, GOODFLESH, CANDIRU, LANDFILL, PHOBOPHOBIA, KMFDM, BUTTHOLE SURFERS, PIGFACE, and many others! My favorite death metal bands include MASSACRE, DEATH, NAPALM DEATH, MORBID ANGEL, PAN-TIY-MONIUM, OBITUARY, BLOOD, DEAD and many many others. Too many to mention!

4) YOU ARE CHANGING SOUND STYLE DAY BY DAY. SO DO OLD FANS AGREE WITH YOU? TELL ME YOUR OPINION? ROBERT-Hmm...well the sound is

pretty stable now so it won't be changing anymore, except to get more extreme and more tight. But as for what old fans thinks. Most have been very supportive and like the sound of M.S. now as "M.S. still does noise" (about 50%) and as for what the others think...I really don't care as most of them are very limited in intelligence, and always want M.S. to be the same!

5) YOU PRINTED "ROBERT DEATHRAGE IS THE M.S." ON YOUR ALBUM AND YOUR STATEMENT. I AND OTHER ZINE/LABEL PEOPLES KNOWS WHY. TO TELL MY READERS, WHY?

ROBERT-Because in my area, most musicians are drug addicts and flakes. And can never remain faithful to any band for any reason. So on "ECSTASY OF DEATH" recording sessions I used 9 different members to complete the project. It was a total fucking nightmare but for the fans I dealt with it and completed this project after 10 months work! But on may 22, 1994, M.S. played the first show in almost 2 years with the members of INFESTER (Jason, Todd, D.J.) Backing M.S., everything went so well. That maybe in the future they will become more permanent M.S. members. Only

time will tell!

6) YOU ARE INTO CORE FILMS, RIGHT? PLEASE TELL ME YOUR FAVE FILMS AND DIRECTORS?

ROBERT-My favorite films are I DRINK YOUR BLOOD, TOXIC ZOMBIES, ZOMBIE, CANNIBAL HOLOCAUST, MAN BEHIND THE SUN, BRAINDEAD, MEET THE FEEBLES, BAD TASTE, GATS OF HELL, NIGHTMARE CONCERT, PHENOMENA, TENEBRE, SUSPIRIA and many more. And my favorite directors are DARIO ARGENTO, LUCIO FULCI, PETER JACKSON and many others.

7) M.S. WAS MAINLY RELEASED THE ALBUMS FROM WILD RAGS REC. NOW YOU RELEASED YOUNG LABEL MORIBUND REC. WHAT RELATIONSHIP WITH WILD RAGS AND RICHARD.C NOW? ANY TROUBLE THERE?

ROBERT-No trouble with WILD RAGS...I am just free to release anything I want from any label in the world. MORIBUND will soon become the main label for MEAT SHITS though!

8) ANOTHER NOISE ACT A.C. OUT FULL LENGTH LP FROM EARACHE. SOME NOISE PEOPLES SAY "A.C. FUCK! THEY SELL OUT FOR WORLD'S SHITTY LABEL EARACHE", AND MOST OF THEM HATE A.C. HOW DO YOU FEEL ABOUT IT?

ROBERT-You know Tomoski I know Seth (A.C.) very well now for over 6 years and yes they did sign to EARACHE. And release album also through TOY'S FACTORY (Japan's EARACHE). But Seth has made no money and neither has the rest of A.C. Only now in June A.C. album is coming out in the USA. And in Japan, the TOY'S FACTORY version has stupid song translations that make no sense to Japanese noise music fan. And Europe release has a total shit cover! So yes their deal with EARACHE has hurt A.C. But I can assure you they have NOT sold out at all! To sell out means you are making money! And they have made... SHIT!

9) I HATE RIP-OFF PEOPLES, AND YOU DEFINITELY. TELL ME ABOUT BULLSHIT RIP-OFF STORIES YOU EVER EXPERIENCED?

ROBERT-To be honest I would rather not as I fucking hate rip-off's so much I get a violent reaction inside of me! Let's just say I want all rip-off's destroyed. They are killing the underground!

10) WHO IS YOUR BEST PORN ACTRESS?

ROBERT-MIMI MIYAGI is my favorite porn actress as I only like oriental women...mainly

Japanese. Others I like are ANISA, SHANNEE CATES, MAI, LIN, KITTY YONG, LANA SANDS and many more!!

12) HOW DO YOU FEEL ABOUT AMERICAN GOVERNMENT LIKE GUN-CONTROL AND CENSORSHIP?

ROBERT-I hate the american government. But it is just as fucked up (if not more) than any other political system in the world. Of course I carry a gun with me and have a collection of them. So I am totally against gun-control. And as for censorship, it is in so many different forms here (music, tv, books etc). That I could never go into detail about it all, as again it would make me very stressed!

12) WHAT DIFFERENCE BETWEEN 'HUMAN EATING ANIMALS AND HUMAN EATING HUMAN'? THIS IS NOT CANNIBALISTIC QUESTION, SERIOUS POPULATION PROBLEM.

ROBERT-I think you are asking the wrong person as I am a vegetarian. But from my view there is no difference. Except humans are vile and diseased. So before anybody eats human flesh, they should make sure it has no A.I.D.S. etc.

13) ROBERT DOING MORBID GRANNY REC. SO, HOW'S IT GOING SO FAR? WHAT TYPE OF THE BAND WOULD YOU MAINLY RELEASING IN FUTURE?

ROBERT-MORBID GRANNY is done by me and Guy Mulloid of CATATONIC EXISTENCE. It is only a very small label. So far our only releases are M.S./CATATONIC EXISTENCE split 7". And the NECROPHAGIA/DEATH IS FUN mini CD and I really can't tell you what type of bands we would release in the future. Except good ones! ha-ha!!

14) HEY, TELL US ABOUT YOUR WIFE(I WROTE 'GIRL FRIEND' BUT ROBERT CHANGED IT -ED) RUMI 'GORE LUNATIC' IWAMOTO?

ROBERT-My wife Rumi Iwanoto, is only the love and light of my life. I love her with all my heart! Not much else to say really!! (How's your marriage? How about the baby? Oh sorry, your baby is your songs, ha?-ED)

15) YOU ARE DISTRIBUTING HUGE

CATALOGS OF GORE/SICK FILMS ON MORBID GRANNY. WHAT FILMS ARE YOUR HIGHLY RECOMMENDED?

ROBERT-The film I already listed is of course highly recommended. Others I suggest are: BLACK CHRISTMAS, HUMANOID FROM THE DEEP, LET SLEEPING CORPSES LIE, DR. BUTCHER M.D., I HATE YOUR GUTS, ILSA: SHE WOLF OF THE S.S., SHOCKING ASIA 1 & 2, TRACES OF DEATH, DEATH SCENES 1, 2, 3, S.S. HELL CAMP, RABID, PIRANHA, TOXIC AVENGER, SALO: 120 DAYS OF SODOM, THE THING, MAKE THEM DIE SLOWLY, S.S. EXPERIMENT and many others!

16) I THINK YOUR LYRICS BECAME MORE GORY NOW. DO YOU LIKE THE

BAND WHO WROTE ABOUT IT? AND WHAT BANDS DO YOU THINK THE BEST? ROBERT-Well I don't think the lyrics are gore like CARCASS or something. But more like a hateful exploitation fuck. As for who writes good gore lyrics like mine I would have to say DEAD(Germany), or BROKEN HOPE(USA).

17) TELL ME YOUR FUTURE PLANS? AND YOUR LABEL'S? ROBERT-Just to record and release as much vinyl/CD's etc. as possible. And this summer M.S. will go on the first ever tour. Hopefully this will go well! As for MORBID GRANNY label, future plans is to release a comp. CD with six bands (in association with MORIBUND). Also a LANDFILL / CATATONIC EXISTENCE split 7" and MEAT SHITS / MEDIUM split 7". But all of this is a while away!

18) AND FINAL WORD PLEASE?

ROBERT-Just thanks alot for your interview and support/patience with me. Tomoaki. Good luck with your sine and big hello to all my fans in Japan. And a special hello to my wife Rumi(I really miss my puppy). Cheers to you all!!!

Thanx alot Mr. Robert for your great answers!! Sorry I asked stupid questions. Good luck with your band and stay SICK as fuck! And you, out there, check their killer album & cool EP's out! MEAT SHITS noise rules!!

MEAT SHITS **BUTT AUGER**

Hello sickol Have you heard their first 7"EP called "...THE CONFESSIONS CONTINUES"? It's really sick and mean. If you like IMPETIGO, CANNIBAL CORPSE and GUT, you'll like this band. And if you've been listen their stuff so what would you expect from their next releases? Yes, there's a few stuff that they've already got deal with some labels. I'm also waiting their new shits. I asked about what they do, what they thought and what they create. Here's interview with RIKARD "gore/porn maniac" NERVEN the drums, let's start!!!

about serial killers. It's just so fucking stupid to celebrate those assholes. I would like to see what those guys would like to say is those things happened with their own brother, sister or some other relative or friend.

1) YOU RELEASED YOUR FIRST 7" EP ON OBLITERATION REC. ARE YOU HAPPY WITH IT? AND WHAT RESPONSE DID YOU GET?

— I'm quite happy about it. After all is it just 3 old demo songs on it and our main goal was just to make those 3 songs better than the versions on the demo and I think we succeeded with that. But... those tracks are very out dated for DERANGED nowadays. Of course, we sound much alike as we did on the single nowadays to but I think we have a more serious approach now if you know what I mean. The response have been quite good really! All the folks that have heard both our demo and this first 7" single thinks that the single is better and I'm more than pleased to hear that...

2) DERANGED IS ALSO FEATURED ON A "TRIBUTE TO VENOM" COMP. CD WITH SOME SWEDISH BANDS. WHY DID YOU CHOOSE "IN LEAGUE WITH SATAN"? I THINK IT'S SUITABLE FOR YOU.

— We had first choosen "POSSESSED", and we had also recorded it and fucking everything but the result was just to bad. Shit... It was even worse than our version of "IN LEAGUE WITH SATAN", so we picked "IN LEAGUE WITH SATAN" instead which I personally thinks it's the best VENOM song ever done. Probably the only VENOM song I really liked back then. "IN LEAGUE WITH TOMOAKI" is also so damn easy to play when you have figured out what the fuck they are playing!!!

3) YOUR GUITARIST JOHAN AXELSSON IS A FORMER MEMBER OF FURBOWL, RIGHT? WHAT'S THE RELATIONSHIP BETWEEN DERANGED AND FURBOWL? IS HE A PERMANENT MEMBER OR A

HELPER?

— No, our guitarist just happens to have the same name as JOHAN IN FURBOWL. It's NOT saw guy. I don't really know who the relationship is between FURBOWL and DERANGED. I think that PER (DERANGED singer) wrote with JOHAN IN FURBOWL for some time ago... We have played a gig with them... '92 I think it was and it was really a funny thing. It was an "outdoor" concert with perhaps 20 peoples as an audience...

4) I THINK YOUR MUSIC STYLE IS SIMILAR TO EARLY CANNIBAL CORPSE. HOW DO YOU FEEL ABOUT IT? AND WHAT INFLUENCES HAVE YOU GOT?

— He, he he... I have heard it before Tomoaki! I would rather like to say that we seems to be influenced by the same bands that CANNIBAL CORPSE seems to be... DARK ANGEL, early NAPALM DEATH, SLAYER, RIPPING CORPSE and stuff like that. But okay... we plays in the same vein as CANNIBAL CORPSE and thousands of others really great American bands. I'm rather compared with such really great bands as CANNIBAL CORPSE, SUFFOCATION etc. etc. than a fucking shitty band like for example fucking PARADISE LOST or some other "ATMOSPHERICAL" stuff!

5) I HEARD YOU ARE INTO HORROR/GORE/PORNO MOVIES. DO YOU LIKE THESE SUBJECTS FOR LYRICS? WHICH SUBJECT DO YOU LIKE THE MOST?

— Yeah... you're right. We are into that kind of stuff. Yeah, I think it's cool with such kind of lyrics. I prefer "ORDINARY" splatter/porno lyrics, and I don't like all these lyrics

6) MOST OF THE BANDS TAKEN FROM GORE/SICK FILMS FOR LYRICS. HOW DO YOU FEEL ABOUT IT?

— I think it's cool!!! (good answer he...?)

7) WHAT ARE THE MOST INCREDIBLE FILMS RECENTLY?

— Hmm... hard to tell really! I don't think that it has come out so many good (or incredible) movies lately. But one movie that is really incredible must be TETSUO. A Japanese movie which is just like an hour of total intensive brainwash! Hui! Some other films I really thinks it's incredible must be THE GUINEA PIG (another Jap's movie), PINK FLAMINGOS (fucking sick and fucking great) and of course all the 3 parts of STAR WARS! A movie like CANNIBAL HOLOCAUST is also fucking incredible...

8) WHO ARE YOUR BEST DIRECTOR IN HORROR/GORE GENRE?

— Argento's movies are just fucking excellent and really well done. Pisses all over the fucking Pulci shit! That's for sure. Some other fave directors must be Deodato, Romero, Edmonds and Henenlotter.

9) AND LET ME TELL YOU YOUR MOST CREATIVE SFX MAN? DO YOU KNOW SCREAMING MAD GEORGE?

— Yeah, off course I knows about Screaming Mad George. Isn't he the guy that made the SFX work to SOCIETY??? He's very great and certainly knows how to 'handle things! I don't have any special fave SFX work man. I don't know, but I'm rarely sitting and watch how good the FX are done. I like to watch at the movie as whole if you know what I mean. Gore and perversions isn't everything in

BEHOLD THE
Before I Kill More

a movie that counts!

10) IF YOU WERE A KILLER. HOW WOULD YOU KILL? TELL ME THE DETAILS...

— Shit. I don't know. Probably as fast and unpainful as possible I guess.

11) BACK TO THE MUSIC. DO YOU HAVE ANOTHER DEAL WITH SOME OTHER RECORD COMPANY? I HEARD SOMETHING ABOUT A FULL LENGTH LP THAT SHOULD COME OUT SOON.

— Well, our first mini CD 'ARCHITECTS OF PERVERSIONS' will probably come out in July or something I guess, and so will our 2nd 7" single, called 'UPON THE MEDICAL SLAB'. The mini CD is going to be released by REPULSE rec. (formerly know as DROWNED PRO.) and our 2nd 7" EP by M.M.I. rec. from Germany. We shall probably record our 2nd mini CD in August, and it's going to be released by INVASION rec. from Germany. Yeah, it's been some chatting about a full length CD but nothing is for sure right now. I don't know... I would really like to release a full length CD.

12) HAVE YOU ALL READY LISTENED TO C. CORPSE'S NEW LP 'THE BLEEDING'? HOW DO YOU FEEL ABOUT IT?

— Yeah, I have heard 'THE BLEEDING'. It's a fucking great album, but I still thinks that the production could have been better. It's has the same messy sound as 'BUTCHERED...' and 'TOMBS...' which I don't really like. But the songs seems to be well done and with a thought behind them so it's cool.

13) WHAT BANDS DO YOU LIKE MOSTLY RIGHT NOW?

— I listens alot to old KISS, LED ZEPPELIN, RIPPING CORPSE, CRYPTIC SLAUGHTER and SLAYER right now. Probably the bands I listens to mostly I guess. Other really great bands are BRUTAL TRUTH, RAINBOW, PYREXIA, IMPRECATION, CORROSION OF CONFORMITY, MALEVOLENT CREATION, DEFLESHED, DEEP PURPLE, VOMITORY, EXTREME NOISE TERROR, MASSACRE, ASSUCK, NAPALM DEATH, TERRORIZER and FEAR FACTORY just to mention some other so to say fave bands!!!

14) TELL ME YOUR NEXT RELEASES AND FUTURE PLANS?

— Our next releases will be (as I said before) that mini CD on REPULSE rec., 2nd 7" single, the split 7" with ABSORBED and that second mini CD on INVASION rec. Our future plans...?!! Just to fix as many gigs as possible, write more songs and just rehearse.

15) ANYTHING TO ADD?

— Yeah, I would certainly like

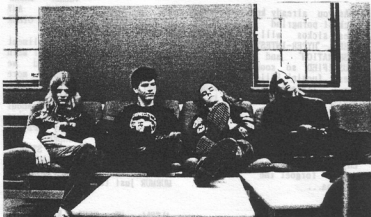

to thank you Tomoaki for this interview and for your support. We really appreciate it!! Thank as hell!! Check out our 7" EP, CD, comp.s we are featured on etc. etc. Anyone that wants to write me... DO IT TODAY!!!

My adress is:

Take fucking care...

Thanks WERMEN for your great answers. Hey, you guys, do you really want more DERANGED stuffs? Yeah, they out in so soon, ok? Just wait for a little while. And then check them out. A must for all sickos!! Also they have a T-shirts, they are black with a nice truly deranged print, he said, ha, ha, ha. Buy one. Anyway I gotta go to listen one more... THE CONFESSIONS CONTINUES' EP.

Aaaarrregghhhhh!!!!!!???!!
C-y, WERMEN! Take care.

... ..

As you already know the most sickest porngrind band GUT!! These sickos will be out 2nd 7"EP "HYPER-INTESTINAL VULVA DESECRATION" and 3rd 7"EP "PUSSIFIED" so soon(watch out, these fuckin' killer EPs). And now I listening their songs really often. Cause GUT is my favorite sick band. So I caught OLLI "the extreme lowest voice" RÖDER and asked some question about his killer songs, next materials and other shits! Enjoy!! But before you read, don't forget the SENZUR!!! ha...ha...

1) WELL, I ASK YOU ABOUT NEW EP CALLED "HYPER-INTESTINAL VULVA DESECRATION" AT FIRST. WHEN DID YOU RECORDING IT? SAMETIME AT FIRST EP?

— We've recorded the trax in May or June 1992. Yes, we've recorded there trax at the same time when we've recorded our first 7" EP. The trax for our 3rd 7" EP were also recorded at this time! Our 2nd 7" EP will be released on NECKROHARMONIC PRODUCTIONS, fuckin' killer label!

2) I HEARD YOU'LL CUT 3 7"EP FROM DIFFERENT LABELS. IS THERE FULL LENGTH ALBUM RECORDING? OR GUT WILL STOP THE PROJECT AFTER THE RELEASED 3 7" EP'S?

— Our first and third 7" EPs are released (or will be released) on M.M.I. rec., the

second on NECKROHARMONIC productions.

We are planning to record stuff for about 4 split 7" EPs soon + we'll have plans to do a CD on REGURGITATED SEMEN rec. (but that will need awhile I think). No we won't stop with GUT, GUT is in the motherfuckin' house to kick all crazy bitches in the ass.

3) MOST OF THE SONGS FEATURED WORLD'S BRUUUUUTALEST VOCAL. WHERE

THE IDEA CAME FROM? ANY INSPIRATIONS GOT FROM OTHER BAND?

— Thank you for the compliment about my vocals. Well, our main influence is IMPETIGO and we just tried to be mad, more sickier than them. We try to have much more brutal vocals on our next recordings. About inspirations I would say we're inspired/influenced by IMPETIGO (of course), MACABRE, old CARCASS, old PUNGENT STENCH, MEAT SHITS, SPLATTERHEAD, old ULCEROUS PHLEGM, old DISASTROUS MURMUR just to name a few.

4) TELL ME YOUR RECENT FAVE BANDS?

— Well, I'm listening to lots of different stuff but some of my faves are BJORK, GORE BEYOND NECROPSY, MINCH, TRACI LORDS LOVES NOISE, VOMIT SPAWN, WU-TANG CLAN, FUNKDOOBIEST, IMPETIGO, MACABRE, SPLATTERHEAD, REGURGITATE, ONYX, RED HOT CHILI PEPPERS, ICE CUBE, MAD FLAVA, N.W.A., CLOTTED SYMMETRIC SEXUAL ORGAN, BLOOD DUSTER plus lots more!

5) THERE'S INTRO WITH SONG TO SONG FROM GORE FILMS. ARE YOU INTO GORE FILMS? (I do, much-ED) WHAT'S YOUR FAVES?

— I like gore flick like "REDNECK ZOMBIES", "BRAINDEAD", "BAD TASTE", "NEW YORK RIPPER" etc, but I'm not really into gore movies. I'm more into porno movies. I love godly chicks like

TRACI LORDS, SAVANNAH, RAQUEL DAKRIAN, HYPATIA LEE, TORI WELLS, SANDRA SCREAM etc.

6) WHAT'S THE TOPICS DEAL WITH YOUR LYRICS?

— Our lyrics deal about gore + porn!

7) GUT FEATURING TWO MEMBERS OF PYOGENESIS. WHO ARE THE MEMBER OF PYOGENESIS? AND WHAT RELATION SHIP WITH THEM?

— TIM (guitar, vocals) + JOE (bass) of PYOGENESIS are members of GUT. In GUT JOE plays guitar, and TIM pukes + plays drums. I'm a good friend of them and also the two other guys of PYOGENESIS are OK! We're also played some gigs with them! Hey, there are many people who are telling shit about PYOGENESIS. PYOGENESIS are no trendies or rockstars like many people telling around, they are damn talented and I know they will be BIG one day!!!

8) HOW MANY SONGS DO YOU HAVE, SO FAR?

— That's a good question! I'm not really sure but I think about 20-25! Some new songs are "DEAD GIRLS DON'T SAY NO", "VAGINA BERSERKER", "SPERMINATOR", "PUSSY GRINDER", they are damn sick, believe me! (Yes! I already heard that fuckin' blow sick songs. Definitely blow fuckin' brains away!! — ED)

9) OLIVER, YOU'RE DOING A ZINE CALLED "CONFESSIONS OF A NECROPHILE". HOW MANY ISSUES DID YOU OUT? TELL ME ABOUT YOUR ZINE?

— There's just one issue out and there won't be a new issue, because I don't have time, I don't have money and I'm not into death metal anymore! Death metal sucks!!! I love grind + noise but death metal is dead!

Ok, there are a few bands like AUTOPSY, PHANTASM or INCANTATION that I still like but 90 % of all death metal bands suck I think! Please don't ask me what I'm thinking bout black metal!!!

10) DO YOU THINK THAT ZINES ARE HELPING UPCOMING NEW BANDS? TELL ME YOUR OPINIONS ABOUT FANZINE?

— I really like fanzines but most of the editors are fuckin' rip offs, they are out for free stuff and never send you your fuckin' free copy! I'm not really sure if fanzines are helping new bands, I think just true underground people who are reading or doing fanzines can help new bands! The death metal freaks in my area are nothing but a bunch of fags! 90 % of them just listen to shit like OBITUARY, GOREPEST, BENEDICTION they don't give a fuck about the underground, just came ass trendies! But some zines that I really like are GORE LUNATIC zine, THE SCAB mag, THE COVEN zine, REAL SICKNESS zine, EXANIME zine just to name a few.

11) MOST OF THE DEATH/GRIND FANS DON'T KNOW EXISTING FANZINES IN MY AROUND. MOST RECORD SHOPS ARE NOT SELLING FANZINES IN JAPAN, SO FAR. PEOPLE CAN'T SEE THE UNDERGROUND SCENE. IS SAME THING HAPPEN IN GERMANY?

— Like I've told you in question 10, there is no real underground scene in my area. In every area are some cool underground freaks, but not really much I think! I also don't like most of the german bands! Some cool german bands are PYOGENESIS, MANGLED TORSOS, NYCTOPHOBIC, NAKED WHIPPER, STERBEHILFE, CARCASS, BLOOD to name a few!

12) DO YOU WANT TO EAT HUMAN FLESH? (Ha, Ha,.) THIS IS SERIOUS QUESTION.

— No way, I like to fuck human flesh!

13) PLEASE DESCRIBE YOUR SOUND STYLE ON YOUR MOUTH?

OLLI (vocal: Look at his chest!) & TIM (drum)

— Just some fuckin' deep growls/grunts! People should figure it out when they're listening to out 7" EP's!

14) HOW DO YOU FEEL ABOUT NAZISM AND RACISM?

— That sucks! Fuck that shit!

15) ANY MARCHANDISE DO YOU HAVE?

— Right now there's nothing! We've had some shirts but they're sold out. But REGURGITATE SEMEN rec. plans to do some new GUT shirts!

16) TELL ME YOUR FUTURE PLANS?

— Record new stuff, smoke lots of pot, get more tattoos, fuck more bitches, maybe find a new cool girlfriend. I also want to travel to Japan. I LOVE ASIAN GIRLS!!!

17) ANY WORDS TO RIP OFF PEOPLE? (USING 4 LETTER WORD)

— Fuck you, damn fags!!!

18) ANY ADDS?

— Thank you for the interview + good luck with your zine! Please send me a free copy.

I would really appreciate it! Hello to my Japanese friends HIROMORI (GORE BEYOND NECROPSY), SINYO (GRUDGE), RUMI (GORE LUNATIC zine), EI (CARCASS GRINDER) + AYAKO USUKI!!!

Thank you for your answers, OLLI! I know you guys are gonna get more reactions so soon. That's why you're great (porn) grind band!! After the interview, I've got their live tape from Germany. It's fuckin' cool!! (see the review!) Soon I'll get their new recording materials from OLLI. It must be great!! So wait a little while till it's out. REGURGITATE

Extreme gore grind master, REGURGITATE from Sweden. Their debut EP (split with VAGINAL MASSAKER) was really impressed me which sound was inhuman voiced grind/noise. Then some after, they added the style which is more closer to grind music as old NAPALM DEATH and old CARCASS vein. Well, I asked these questions to gore throat, Rikard, before they've release split CD with DEAD I use lyric. Yeah, I'm quite satisfied with the vox myself.

Extreme gore grind master, REGURGITATE from Sweden. Their debut EP (split with VAGINAL MASSAKER) was really impressed me which sound was inhuman voiced grind/noise. Then some after, they added the style which is more closer to grind music as old NAPALM DEATH and old CARCASS vein. Well, I asked these questions to gore throat, Rikard, before they've release split CD with DEAD I use lyric. Yeah, I'm quite satisfied with the vox myself.

1) FIRST OFF, TELL ME ABOUT YOU AND OTHER MEMBERS?

— I'm 20 years old and work as a mail man, Peter is also 20 and work at a mental hospital. Ubbe is 22 years old and unemployed. Joppe is 21 years old and have a similar job as me.

2) REGURGITATE'S DEBUT WAS A GREAT IMPACT FOR ME. SECOND EP IS MUCH BETTER THAN FIRST, AND I'VE HEARD YOU WILL OUT FULL LENGTH ALBUM SOON. TELL ME THE DETAILS AND HOW MANY SONGS DO YOU HAVE?

— Thank for the comments Tomoaki! Well, we have recently finished the recording of our CD and it will contain 36 trax + intro, total running time is about 33 min. The trax sounds a bit like the first CARCASS lp mixed with old NAPALM DEATH and EXTREME NOISE TERROR. This CD

should be out during July 94 so... BE AWARE! (Yeah! I already heard that, Rikard. Really great gore grind I've ever heard! — ED)

3) WHAT CONTRACT WITH LOWLAND REC.?

— We haven't written any contract with him. We paid the recording ourselves and he will send us some copies for us to sell as best as we can.

4) MOST OF THE GRIND/NOISE BAND USE JUST NOISE GUITAR. BUT YOU USE RIFFINGS ON YOUR SONG STRUCTURE, NOT TOTALLY NOISE. I PREFER YOUR STYLE MORE THAN NOISE BAND. WHAT ARE YOUR MOST INFLUENCED BY?

— As I said before, our influences right now are old NAPALM DEATH, old CARCASS and EXTREME NOISE TERROR.

5) YOUR VOCAL STYLE IS AWESOME!

WHERE'S THE IDEA CAME FROM? AND IS THERE ANY LYRICS?

— On the two first EP's I don't use lyric but on the split CD with DEAD I use lyric. Yeah, I'm quite satisfied with the vox myself.

6) THERE'S MANY TYPICAL DEATH METAL BANDS WHICH SOUNDS THE SAME IN SWEDEN. WHY THEY MAKE SO SIMILAR SOUND?

— How the fuck could I know? They're stupid. They record in a studio where all the bands get the same sound, oh shit! I don't care anyway! (Sorry, I asked a stupid question — ED)

7) WHICH IS YOUR SOUND STYLE, GRIND OR NOISE? IF YOU THINK YOUR STYLE GRIND, TELL ME YOUR FAVE GRIND BAND?

— I think we play grind core and my fave bands right now are: MOB 47, GORE BEYOND NECROPSY, AGATHOCLES, RETALIATION, DROP DEAD, HIATUS, MACABRE, W.B.I., etc...

8) WE HAVE LOTS OF GOOD GRIND/NOISE BAND IN JAPAN. DO YOU KNOW ANY JAP'S BAND?

— Yep! I'm in contact with bands such as: GORE BEYOND NECROPSY (GODDDZZZ!) and GRUDGE (Hi guys!).

9) ARE YOU INTO GORE FILMS? TELL ME YOUR FAVE?

— Of course I am. So movies I adore are ZOMBIE 3, GATES OF HELL, DR. BUTCHER, NECROMANTIK, BRAIN DEAD, BAD TASTE and some more.

10) WHAT IS THE MOST BULLSHITTING THING? RIP OFF OR...?

— I hate people who talk shit behind my back instead of coming direct to me and tell me what their fuckin' problem is.

—It's our guitarist who decompose our trax, he record them along with a drummachine and then he shows the trax for us other guys in the band at the rehearsals and then we just rehearse'em live, it's quite simple to do like that.

— It was me who came up with the name. I saw it in a swedish/english lexicon I liked the word so took it. But of course I know that CARCASS have a track called 'REGURGITATE OF GIBLETS' but I don't care!

—I don't really understand what you try to ask me but it would cool to do the same thing that John Wayne Gacy did in his glory days. He was a gay and abused and killed 33 boys.

—First I should strangle her then have intercourse with the corpse but no until I get orgasm. Anyway, after fuckin' her I should cut off her head and then place the head on my pillow and masturbate in from of the head shoot my hot love all over the face. That's what I should do. HALL

MEMBER 5 PLEASE!

— I work as a mail man as told you before and this job really SUXXX!! I rather want to be unemployed and abuse our

— Not for the very moment but I often listen to a great new band here from Sweden called RETALIATION. They play some kind of grind/H.C. stuff it's really cool. You should check'em out pal!! (Yeah, I've heard'em! They're really cool!! — ED)

18) ANY MARCHANDISE DO YOU HAVE?
— Yeepl Stickers for free ha ha

19) FINAL WORD PLEASE?
—Thanx alot for the short
(1 — ED) interview, he,he. And
of course the great support and
interest in RGT. Good luck with
your zine hope it will be a good
one!! CHEERS

Well, I thanks Rikard for your great answers! And sorry I don't have good questions. Anyway, I hope you had enjoyment for a little while. Then, what do you want for now? ... Of course the full length CD of RGT!! Don't even think just buy one. It's highly recommended, anyway. Here's hottest news of RGT, they'll record new tracks soon for a split demo with Swedish noise band called UNRESTRUCTURED. And also they'll record a new demo of pure grinded sound. It will be out in the middle of this year. I'm really glad to hear that!! Check em out. Well, bye Rikard and good luck with your band!! C-y-a, pal!

Clotted Symmetric Sexual Organ

CLOTTED SYMMETRIC SEXUAL ORGAN, the grinding mutants from the land of technology and cartoon, Japan. These four guys are looming around anonymously. Well, when I first listened their 'promo tape', I was shocked their incredible originality which included several different genre like grind, death metal, bizarre, sick, stupid, rock, pops... and animation(!). I've never heard like that before! I really love this band from the beginning. So I made up this interview with these four sick guys. But they hide their real name, like I've said before, I don't know their real name either! Don't ask me, ha, ha, ha... Ok, let's begin.

1) WELL, FIRST OFF I'M CONNA ASK PRETTY BORING BUT REALLY IMPORTANT QUESTION. TELL ME WHEN AND HOW WAS THE BAND FORMED? SUPER A.F.S. - In 1990 the band (formed by BLACK BLACK (bass) and me (SUPER A.F.S./guitar). And band name was GUSTRIC JUICE. At that time, we had plan to release 1st demo including 666 songs. But we failed. '91 we changed band name to ALTERNATE DEAD BODY and GOREPPER 5 (vocal) joined the band. '92 we changed band name few times and an end result, we named our band to CLOTTED SYMMETRIC SEXUAL ORGAN. '93 August, we recorded 3 trax.

This recordings was helped by JUNJI TAKEMI of MAGGOTY CORPSE on drums. '94 January, ANAL LOBOTOMY (drum) joined the band. Now we have rehearsed just 6 times so far, ha ha.

2) I'D LIKE TO KNOW ABOUT MUSICAL STYLE OF C.S.S.O.. YOUR MUSIC MIXED UP WITH SOME VARIED GENRE SUCH AS METAL, DEATH, PSYCHEDERIC, ANIMATION(!) AND GRIND. WHY DID YOU DECIDE TO USE THESE THINGS AND WHEN?

SUPER A.F.S. - People will take us for grind core band. Of course, I want to escape from ordinary grind identity. We tried to create it in our promo tape but we failed.

BLACK BLACK - So, we killed ourselves on a rainy day. And we reborn under blood red full-moon. GOREPPER 5 - We try to create grind mixed death/doom, rock, pops and bizarre, sick and gore music since end of '92. All of ideas created by SUPER A.F.S..

SUPER A.F.S. - Anyway I don't want to make bands which categorize only grind, death metal. I want to combine many kind of music. Basically we have many 'grind' elements, but we want to get many kind of musical influences like heavy metal, pops, techno, rock, jazz, Jap's pops, progressive music etc etc... So after this, you had better categorize us 'New Wave Of Japanese Heavy Mega-pennis'!

3) I THINK C.S.S.O. IS BASICALLY GRIND BAND BUT YOU HAVE A QUITE UNIQUE SOUND. COULD YOU EXPLAIN WHAT INFLUENCES DID YOU GOT FROM THE EXTREME MUSIC?

GOREPPER 5 - Well, I was influenced by some cool grind and death and BLACK SABBATH, LED ZEPPELIN and Japanese Animation songs.

SUPER A.F.S. - ZUNTATA, THE THIRD EAR BAND, KING-SHOW and other Game music stuffs... BLACK BLACK - MAYHEM, VENOM, new BATHORY, HELLHAMMER, SIGH and so on.

4) VOCALS ARE ALSO QUITE VARIED TYPE AND SOMETIMES IT'S FUNNY!

BESIDES, TITLES ARE TOTALLY ORIGINAL. SO WHAT LYRICS DID YOU WRITE ABOUT?

GOREPPER 5 - We try to get some kind of bizarre/sick voice. Well, about song titles, almost song titles are decided by SUPER A.F.S. so I call him.

SUPER A.F.S. - Song title is always decided without lyrical image. 'Cos I take it for granted that songs are more important than lyrics. For me, lyrics is not important. Because, I can't hear about vocalist sings. Moreover, I am Japanese. Basically, on grind, lyrics exert itself on only lyrics sheet, I think.

GOREPPER 5 - I wrote most of lyrics. On it, lich, venereal disease, confessions, sexual perversion, stupid things etc.

5) I' LIKE C.S.S.O.'S DRUM PLAY. WELL, DO YOU THINK THAT BLAST BEAT IS NECESSITY FOR GRIND BAND? WHICH BAND IS BEST?

GOREPPER 5 - Blast beat is indispensable for grind bands. SUPER A.F.S. - But the detention of 'grind' will change with time goes on... Best band? Hmm... NASUM, RGTE, old N.DEATH, TERRORIZER.

BLACK BLACK - But right now, what shall remain if grind bands lost blast beat?

GOREPPER 5 - My best grind bands are: old NAPALM DEATH, RGTE, TERRORIZER and RIGHTOUS PIGS.

6) SO, TELL ME WHAT IS THE STRONG POINT OF C.S.S.O.?

SUPER A.F.S. - Now, we have nothing to say strong point. GOREPPER 5 - Hey, I think our strong point is disorder to music.

7) YOU'RE INTO JAP'S ANIMATION AND COMIX, AREN'T YOU? WHAT'S YOUR FAVE AND WHO? AND WHY DID YOU PUT IT ON YOUR MUSIC?

GOREPPER 5 - Yeah, I'm very into Jap's old animation movies and comix. I have about 700 comix. Well, my fave animation is MAJINGER Z, GREAT MAJINGER, BAYIL THE SECOND, CUTIE HUNNY, HARIKEN POLIMER, LUPIN THE THIRD, KONAN, AKIRA, GUNBUSTER, YOUTUUTOSHI (all of YOSHIKI KAWAJILI stuffs), some of TAROU LIN stuffs, GENMA-TAISEN and many more!! Why did I put it on our music? Actually, I love animation!! We played GREAT MAJINGER's song with grind/death metal arranged. Song title is "ZOMBIE FUCK". Lyric wrote by RICKARD OF DERANGED!! Thank!!

8) I HEARD YOU HAVE A PLAN TO RELEASE SPLIT 7" EP. COULD YOU GIVE US A FEW INFORMATION ABOUT IT?

We have plan to release split 7" with WEAT SHITS on German MORBID rec. It's gonna be out on early '95. And we gonna join some comp. CD and double 7" EP on German M.M.I. rec. Please order it when it's out!!

9) SOME BANDS (ESPECIALLY GORE BANDS) TOOK INTRO FROM THE MOVIES. HOW DO YOU FEEL ABOUT IT? IS IT GOOD OR BAD?

SUPER A.F.S. - Some are good, others are not effective. Anyway, to express the band style, it is very effective. BLACK BLACK - Too long SE is shit. It's nothing but boredom.

10) THIS IS A TYPICAL AND A BIT BORING QUESTION. WHAT'S YOUR FAVE DEATH/GRIND BAND TODAY? IT SEEMED TO ME THAT YOU LIKE WEIRD BANDS, HA?

SUPER A.F.S. - I like LUBRICANT (great!!), ZUNTATA, THE THIRD EAR BAND, GUT, NECRON, EXIT 13, NAKED CITY, CATHEDRAL, KAIENAI and many Jap's pop music. BLACK BLACK - I like MAYHEM, SIGH. Also TIMEGHOUL is cool. Anyway, older sounds are mega nice!

GOREPPER 5 - I really like brutal and bizarre bands. GUT, REGURGITATE, DEAD, DERANGED, EXIT 13 are cool!! Also I like KAIENAI, DAISUKE INOUE, MIZUKI ITIROU.

11) YOUR 'PROMO TAPE' SEEMS HUGE RESPONSES GOT FROM THE UNDERGROUND SCENE. IS IT UNEXPECTED? WHAT DO YOU THINK ABOUT IT?

SUPER A.F.S. - I think our promo doesn't got great response. I didn't send it would wide. Moreover I am not satisfied with that... If possible, I want to re-record it...

12) OH, THANK FOR YOUR DEMO OF THE NEW SONGS! HOW ABOUT THAT? WHEN WOULD THEY COME OUT? LET ME KNOW YOUR FUTURE RELEASES?

SUPER A.F.S. - The new song? Maybe it is 'ROLLING THE ZEN'. About 'ROLLING THE ZEN', it is

Japanese traditional(?) torture 'Zazen Kologashi'. Anyway though I make that, I hate 60% of that song. Shit!!!!!! (Really? I love that!! - ED)

13) COULD YOU TELL US ABOUT... WELL... YOUR FRIEND'S ZINE 'CIRCLE OF GRIND' AND HIS LABEL 'OBLITERATION RECORDS', IF YOU KNOW ANY?

SUPER A.F.S. - Yeah, I know C.O.G. is running by my friend 'NARUTOSHI'. I have often helped him, but now I really nothing to do with him. Actually, to make a zine is really difficult. Also OBLITERATION rec. is running by him. But nothing sure whether he still continues to keep rec. or not. (I understand that. Tell NARUTOSHI, keep on doing that!! ha, ha, ha. - ED)

14) SO, MY QUESTIONS IS OVER. BUT SORRY I DON'T HAVE GOOD QUESTIONS. ANYTHING DO YOU WANNA SAY?

SUPER A.F.S. - We are very shitty, fuck and ultra smegma stench band. Do not check us out!! You must study more!! Read the books and write more neatly... This is my mother's scolding to me. Hi to MIESZKO OF NASUM and RICKARD OF DERANGED...

15) THANKS FOR YOUR GREAT ANSWERS. FINAL WORD PLEASE?

GOREPPER 5 - Thanks Kanai bros. for this cool interview!! Hi readers, if you interested in us, write me.

SUPER A.F.S. - Thanks alot!! BLACK BLACK - Thanks alot in blasphemy!! Hail SATAN!! ANAL LOBOTOMY - Take care!!

Well, well, well. Did you enjoy this interview? I hope so. After this interview, I've just got their reh. tape and adv. tape for upcoming releases. That's real killer stuff!! You know, they've nothing to release yet, but be sure when they out you gonna blow fuckin' away from here to the beyond world!! But it needs more fuckin' little more time, please wait. If you interested then write to the following, addres below. And after you've heard their songs, you should write to him what are you thinking about them, ok? So I gatta go, 'cos I want to feel wonderful pleasure of C.S.S.O. more!! Anyway bye guys, c-yall!

DEMO review

CANCEROUS FACTOR 'MALIGNANT' demo 93

This US outfit come out good!! Their first official demo 'MALIGNANT' makes me very brutal. Especially distorted extremely low growls are awesome! With complicated guitar riffs and GODFLESH like emotional feelings. Heaviness and brutality with industrial, grind and noise musics are mixed up. Not much as industrialized as FEAR FACTORY but here's huge influences of it. As you hear malignant intro leads to three original tracks that are high quality productions of better ways. There's no smell of graveyard but every sickos you can't attempt from this chaotic disease. This four piece outfit soon to get the deal with any labels in near future. Pro-printed cover + lyrics sheet. Only \$3/US, \$4/world you'll get a malignant cancer. Write to CANCEROUS FACTOR c/o RAWL PAREDES 926 BROADMOOR AVE/LA PUENTE CA/91744 USA Highly recommended!!

LAST DAYS OF HUMANITY 'HUMAN ATROCITY' demo

This is their second demo 'HUMAN ATROCITY', including 14 songs and 15 minutes of intense audio-torturing splatnoise that they called it. Musicwise fast paced noisier grind with touch of death metal elements. Drums are sometimes blast beaten, ear crushing guitars are grinding. Most surprises are vocals which are harmonized distortion growling that are fuckin' filthy insane. It's not extreme low but total devastating. Actually full of ear torturing. Songs are quite short but enough structure. But one thing I can say that is lack of 'wall-of-sound', I need more heaviness and brutalities behind the vocals. If you like grind/noise band, so don't hesitate get this one for your collection. Read their interview in this issue.

TERRIBLE HEADACHE 'SUFFERING FROM THE PAIN' demo 93

This tape is their 2nd demo coupling with 1st demo. As you already know about their 1st one, here's talk about 2nd demo. Hard drivin' bass leads to fast grind song 'TERRIBLE HEADACHE', 'THRASHER'S TRIP' is here and there some break changes with acoustic intro. 'VAGUENESS' is a heavy tune which with some thrash metal feelings. Whole vocals are hard cored screaming type, musics are very original as well. I can't compare with any intensely bands. They have top notch technical musician ship and unique ideas. There's varied type of music influence like metal, hard core, progressive and huge grind elements are mixed. Most unique and original. And sound is good. Unfortunately this band broke-up now, but if you want it write to TERRIBLE HEADACHE c/o Yusuke Adachi 1-9-39/Shimizugaoka, Fuchu-city/183 Japan Price is ¥190 stamp or 31RC.

DECAPITATION 'THE APPARITION' promo demo

One of my friend Yui (of CANNIBALISTIC DISSECTION) recommended this band, yeah they're godly!! Early SUFFOCATION influenced, pure grinding death metal. Vocals are low growl, hard driving guitar riffs with blast beated fast drums. They holding much brutality and aggression but more intense, killer. This is their first demo and also promotion for recruitment members. Yes, they're lack of members now. Actually this is not a official demo. Sound quality is not bad but using MTR with drum machine. It contain only two songs "SEMPITERNAL" and "SHAPELESS MASS OF VOID". In near future they would have complete line-up that who hide much of talents, so they will release incredible official demo. If you want their full of brutality get this demo for your collection. Write to: Atsushi Miyata 304 Avitation Ogawa 3674/Non-Machida, Machida-City/Tokyo 194 Japan Price is only postage.

GORUGOTH 'FIEND' demo 94

This evilish band is Japanese answer to Finnish black metal godz IMPALED NAZARENE. Hyper aggressive speed drum leads to devastation guitar riffs with extreme godly growling vocals. Whole musics can be thrashing down all the weakness. Only the three songs in it, one from latest demo. And song is quite long. Main difference between NAZARENE is that and this is not a cyber-punk-sado-metal, it's devastating black metal with some emotions. Unbelievable, this is one man project that all instruments were recorded by him, very talentfull. The structures are quite good that are all same direction. Also titles are similar such as "REVELATION 12", "REVELATION 16" and "REVELATION 4". Anyway he wants your orders. Just write today. And he also doing side project called GOLGOTHI, and has several demos. Ask him. It's atmospheric noise chaos.

DARKNESS ENSHROUD 'WINTER OF SORROW' demo

This 'soundtrack' ghost has guitar and drum less sound. This two man project sounding dark, horriily, evil and terrifying synthe and keyboard tones with whispering deep and dark voices. Not fast not heavy but most horrible sound here. All songs touches full of evilness that totally scared you to death. They might live in the dark castle, ha? Sometimes I feel ghost on their songs with gothic and atmospherical feeling that make me haunted. Most terrifying and evil possessed release ever. I can't compare with any darkness creators. But one thing, they have much of talents. I'd like to hear their next release. Sound production is bad but don't worry this is a killer demo you never heard. Don't hesitate to write MORIBUND rec. or DARKNESS ENSHROUD c/o Mike Ford 3122 Dunster st. /Indianapolis, IN-46227 USA Price is \$4/US, \$5/world

LUGUBRIOUS 'IN NOMINE DOMINI NOSTRI, JESUS CHRISTI' demo 93

Do you know what band came from Spain? Brutal god, AVULSED? Yes, but here's sick one, LUGUBRIOUS! The five songs demo, I can hear the same directions as AVULSED, especially drum parts are very close. Sometimes song structures are same fine. Main differences are vocals and guitars which are harmonized stenchy sick vocals and a bit lighter than AVULSED guitar sounds but really great work. Blasts are really cool!! "REDDENING THE TWILIGHT" using keyboard sound on some slow parts. It's a solemnity as hell. Then hit the blast attack is cool! Sounds are really nice production and color glossy cover and photo, lyrics sheet. Get this high quality demo as soon as possible. From REPULSE records. (formerly DROWNED prod.) Perhaps vocalist Fernando left the band 'cause he running the label. REPULSE with Dave Rotten and Lucky of AVULSED after the death of DROWNED. New address is here: P.O. BOX 50562/28080 MADRID/SPAIN Price is \$6.

MONARCHIE INFERNALE 'DESTROYED MIND' demo 94

Their second demo entitled "DESTROYED MIND" just conquered. First demo was full of brutality and distorted sound. This time they're little bit changing the style more into groovy! The song structures and sound productions are much better than old one. Top notch grinding drums are awesome and sometimes blast beated, heaviness bottomed guitars are brutal as well. But, my opinion say, only disappointment is vocal which are less of aggression. Combination of vocals and back sounds are not well. I prefer old demo's. Except the vocals, I like this demo and the band including much of hope in the future. This tape containing 4 new songs, and 1 re-recording material. If you looking for 'groovy' one, then get this stuff. Price is \$6/overseas, ¥500/Japan. Write to following address. MONARCHIE INFERNALE c/o Takeshi Kobata D-1104 Green City 2512-1/Shikata Shikatsu-cho/Nishikasugai-gun, Aichi/481 Japan

VIVI SECTION

VIVISECTION '1ST DEMO 93'

This tape forgot me early NAPALM DEATH alot!! Sound productions are quite good which sounding clear but heavy strings hit my brain. Fuckin' blast beated fast drums are cool. Typical but basic low growls and ear torturing high screams are combining. Yeah, musics are reminds me US grind gods ASSUCK, TERRORIZER, SIEGE and off course early NAPALM DEATH. Here's no death metal influences 'cause they're true grind core band ever! (But they had been listened PUNGENT STENCH, GUT, CARCASS and so on) This band was formed in May 93, so quite young band. But including a ex-member of TERRIBLE HEADACHE (rip). Also good live act, too. Guitars are so tight. This demo including 5 fuckin' grind songs, the structures are better ways. If your ears want true grind sound get this demo, so your ears will be calm. And don't forget read their interview in this issue.

FOETICIDE 'PUTREFACT CORPSE' demo 93

This 3 piece outfit makes heavy brutal death metal from Mexico. The songs are too heavy as hell. Sometimes they using blast beats but focus into heaviness. The rhythms are reminds me MASSACRE, early DEATH and old SEPULTURA vein. Catchy riffs sounding good which are bit like ancient deathrash metal's. But bottoms are pounding. Some songs has lead parts and has little melodies. Also last two songs are including acoustic arrangement. As I said before songs are too heavy and 5 or 6 minutes long with good structure. Sounds are well produced in Mexico. This demo containing 6 brutal death beats, total about 35 minutes. What would you come up about Mexican death metal band? CENOTAPH? SHUB-NIGRATH? Not only them. FOETICIDE hides talents in their face, later they'll make more and more suprising stuff. B/w cover with lyrics sheet. Price is \$6. Write to BELLPEGOT rec. Jorge Marin Mtz Ando-post 19-431/Mexico 03901 D.F./Mexico

GENITAL ORGANS 'DEMO #1' 93

This is first demo of quite young band GENITAL ORGANS from Japan. The cassette comes with red cover and the sound is good one. Musicwise they play grind core with touch of death metal feeling in somewhere. Heavy rhythms are alternately fast and mid-pace and song structures are good way. Several type of vocals combine low growl, high scream and funny voice. This demo including 5 songs, no lyrics sheet but titles are in sexual subject like 'A TASTE OF VAGINA', 'THROW AWAY VIRGIN'. These two songs I first listen, very popular ways of grind style. I like the songs above. Rests are has more funny vocals especially. My opinion say, first two songs are cool I like them. But last two songs are a bit boring to me. They have good talent to make good songs, so they going to way of serious direction then next one gonna be killer. Write to: Suguru Iwana 2069-1, Floria-Katuradal 5-203, Kamigou-cho/Sakae-ku, Yokohama-city/Kanagawa, 247 Japan

GUT 'GEFOTZT & GEFISTELT' promo liveact 1994

Cool fuckin' cool!! My favorite porn grinder, GUT's incredible live materials here. 24 tracks (plus non-credit 'SPERMATIC SUFFOCATION' included, so total 25 tracks!) live recording on Sturday, 28/5/94. Sounds are really great 24 channel recording and of course great performances. Well you can hear sleazy, disgusting and insane grind songs on this tape. If you have their latest EP's, so this is very enjoyable stuff. Also included cover songs of ULCEROUS PHLEGM, BLASPHEMY (this is joke!) and IMMORTAL HATE (now PYOCGENESIS). GUT's sounds are really raw on their EP but this is much more raw than EP versions. I love this shit! Truly, this tape is really rare item 'cause limited only 111 copies. I don't know it's still available, maybe sold out now. But you should find traders in somewhere. You'd better listen this great stuff and buy their EP's!!

DESPERATE CORRUPTION 'DEADLY SPAWN' demo 94

They must be Japanese answer to the Florida-death-heads. Unbelievable high quality production with high technical musician ship. Can't you imagine that this is their first demo. Amazing. Short into leads to edged guitars are pounding my ears. Then fast blast beated speed crush my bones. Good structures with lots of break changes. Just one listen the song 'DEADLY SPAWN', you'll invite their deadfull world of corruption. Guitarwise, it reminds me especially CANNIBAL CORPSE but songs are more close to MOLEVOLENT CREATION. You know they arn't came from Florida, but DESPERATE CORRUPTION were huge influenced by Floridian based death/grind bands. Production is also similar to DECIDE that clear but tight and technical. Get this quality demo. It contains 5 songs with oriental cover art. Available for \$6/overseas, ¥500/Japan including postage. Write to: c/o Mitsuhiro Maeda 303, 2-19-39, Shimomuneoka/Shiki-city, Saitama/353 Japan

CANNIBALISTIC DISSECTION '222 SONGS DEMO 93-94'

Japanese grind/noise act C.DISSECTION hits till you bleed!!! This demo has two faces, 1st demo 'BREEDING MAGGOTS', untitled 1 to 209 songs are short noise core that was huge influenced by A.C., MEAT SHITS and 7.M.O.N. recorded in 93. Titled 210 to 222 songs are their 2nd demo 'POST-MORTEM DISSECTION', they're a bit more close to gore grind style that reminds me godly GENERAL SURGERY or early CARCASS's brutality adds old N.DEATH's intense violence, recorded different line-up in 94. 1st demo was high pitched screaming vocals with chaotic noise guitar assault. Besides 2nd demo has extreme low growls and some songs are much longer, not just a noise chaos. I prefer 2nd demo 94 'cause they're really turn me on!!! 'POST-MORTEM DISSECTION' which is almost two minutes long song that reminds me G.SURGERY a most. 'STABBED THE SCHIZOPHRENIC'S VAGINA WITH ROARING CRUTCHES' crush your bones. One of the most incredible demo I've ever heard. Read their interview!

GUTWRENCH 'WITHER WITHOUT YOU' demo #1 93

The band from The Netherlands, their music is ultra heavy as hell. 'NECROSIS' is starting doomy tempo and catchy riffs which I really like, then turned to fast but heavy grinding parts. Others are fast paced drum with blast beaten rhythm and song structures are very good way. Whole plays are too light. They use sometimes melodious guitar works and harmonies, but still keeping heaviness. Vocals are typical low growls but strong voice. High quality sound production that I can't believe it's their first demo, quite good condition. If you like heavy death metal, choose this quality demo. AS SAHAR 'PRIMITIVELY EASTERN WINDS' demo 93

After the 'GLOOM TRADITION', an orientaly intro, then starts 'CASUS LUCIFERI' mid-paced unholy blasphemous black metal song. Mid-toned scream vocals tempted you to the dark side of the world. Sometimes they turned to fast parts but not blast. It seems huge influenced by MERCYFUL FATE or whatever old thrashy black metal. Just a basic style. They are not similar to Norwegian bands, 'cause they from Singapore of Asia. Kinda source of oriental mood from their birthplace, Singapore. It would be AS SAHAR's original point. Sound production is not bad but not perfect. Song structures are good, enough to listen. Pro-printed cover with 8 songs + intro, outro. If you want ancient dark music, so it's gonna be yours. Price is \$6. Get your copy to: AS SAHAR c/o Blk 58 Marine Terrace, #07-57/Singapore 1544/Republic Of Singapore

EUTHANASIA 'LIVE AND REH 93'

Now this band broke-up. This is a godly souvenir for all death/grind maniacs around the world. It has two side which are: live side containing 10 songs recorded in 22/8/93, including cover song of E.N.T. & DOOM. Reh. side are studio session in 20/8/93, also including E.N.T., DOOM and godly GENERAL SURGERY's 'SLITHERING MACERATION OF ULCEROUS FACIAL TISSUE' jamming with GORE BEYOND NECROPSY members. Basically they were influenced by early grind core bands and also their music reminds me a bit of gore grind. Tuned down riffs are suffocating humanity and extreme low growls are torturing my both ear. Fast grind death core. If you have 'SWARMING MAGGOTS' demo, you can enjoy thier other side. As you know sound productions are not good 'cause it's live and reh sound. Get your copy now. Price is \$5/world or ¥500/Japan. CRYPTAL DARKNESS 'DEMO 94'

I've recieved this demo from Paul 'Ghoulsh exhumor of corpses' Veneables as bass player, Aussie gore grinding serial killers, CRYPTAL DARKNESS. They're godly sick/gore band, the sounds are reminds me of early CARCASS, CANNIBAL CORPSE and IMPETIGO. Vocals are ultra low distorted growls that are really fits my ears. And they use sometimes different voice. Fast blast beaten rhythm and noisy raw sound guitar. Musically this demo is totally gore sound such as smell of graveyard or bloody butchery. I love this demo alot! But I want more bottom sound, productions are a bit lighter. All seven songs has good structures and enough quality with color cover. Unfortunately this demo is sold out now. But their some materials entered 'APPOINTMENT WITH FEAR vol.3' comp. CD from CYBER music. Check this out! Their next victim is you. Beware and watch out for next release. VERMIN 'SCUM OF THE EARTH' demo 93

This band from Sweden, but don't get me wrong they're not typical 'Sunlight recording' Swedish sound. Thinking about that the band from Sweden, you shall remind typical death sound, that's fool. The band has varied type of the bands actually. Anyway the case of VERMIN, huge influenced by grind music with also touch of death metal elements and sometimes they use good melodies between grind parts. Vocals are low growl with low screaming on breaks, guitars are heavy grinded and unique rhythm parts are their original. The whole images are remind me not European death/grind, it's American style I think. The song structures are quite good and cool. This their 3rd demo has high quality sound production with 7 songs + intro, outro. Pro-printed cover. Price is \$6. Promising act! Also 'DEMO 92' and 'LIFE IS PAIN' demos are available. J. SVENSSON/NORRASAGATAN 29 C /S-571 35 NASSJO/SWEDEN

INFESTUS 'UNNATURAL LEGACY' demo 93

The four piece death mongers from Spain. Well Spanish scene is very active today, such like ANTOROPOMORFIA, SPONTANEOUS COMBUSTION, FERMENTO and brutal god AVULSED etc... INFESTUS is also good band, too. They play a bit technically death metal, and their rhythms are reminds me of a bit like CANNIBAL CORPSE. Also whole images feels like Florida-average-death-metal-sound. Vocals are much brutal and great growler, guitars has catchy riffs and nice solos. Especially sound productions are really good as professional recording. Song structures are well done. Apart from that I really like Spanish death metal like above mentioned bands. Well this tape including five songs and has top notch quality. Worth checking out. Write to REPULSE records/P.O. BOX 50562/28080 MADRID/SPAIN I don't know the price, maybe \$5 or \$6 ask them.

ESTUARY OF CALAMITY 'LOSING MYSELF IN THE CRYPTIC BREEZE' demo 93

This US four piece plays gloom oriented doom death metal. Very depressive, dark and cold world. When I saw their flyer I was expect total atmospheric doom metal sound. However they had some speed parts on every songs. So rhythms are alternated fast and fuckin' slow parts. The slow parts are really doomy as hell and reminds me of 1st CATHEDRAL. And whole song images reminds me of Jap's doom/death gods TRANSGRESSOR. The technical bass leads the rhythms. Vocals are extremely low growls like a zombie spoken. But guitars are less of brutalities, I think. I want more heaviness of guitar sounds. Sound production is not bad but not perfect. Nice six gloomy doom/death songs with six intros/short instrumentals. All songs are over 5 or 6 minutes long. Get this quality songs demo to: ESTUARY OF CALAMITY C/O ASH THOMAS/3657 WOODSONG DR./CINCINNATI, OH 45251/USA Pro-cover with lyrics sheet. For doom/death maniacs.

DEATHRINE 'MEMORIES OF THE EXHUMED' demo 94

Wow! It's great!! I've got the perfect TRUE death metal demo from New York. Really strong and tight rhythm and catchy but heavy, intense and brutal guitar. Vocals are extreme low growling which reminds me mighty IMMOLATION and MORTICIAN(gods). Yes, musics are also same vein as mentioned above bands. They're came from same area, N.Y. And very close friendship with them. Sometimes I can feel the similar direction as MORBID ANGEL. But not too much blast beaten drums, just basic fast paced rhythm parts. The song structures are well done. This demo including 4 fuckin' great songs and color-cover + lyrics sheet. Of course, sound production is really good. That's why this demo was produced by Roger of MORTICIAN!! I'm really interested it, so I had a interview with them. See the interview page. Price and address is there. Check it out!! Highly recommended!! Order now.

SENSELESS APOCALYPSE 185 SONGS DEMO 93

Formerly CUNT DECIDE, now SENSELESS APOCALYPSE, the Japanese noise grind master. Most of you already know or listen them but they're really talented noise band. So I put on it. Huge influenced by A.C., insane high screaming vocals are featured on through the tape. Untitled 185 songs are all same direction which are short, fast and grinding noise! I really impressed their drum parts, he's a good drummer. They're noise band but they're not so chaotic, simple but good. Now, they've got some deals so watch out their next releases. This demo is good quality and clear sound production. Also vocalist Manabu running his own label called BLURRED records. Mainly the label would releasing HC/crust sounds, these maniacs should check it out. The label soon to be out MEAT SHITS 'WIND/FUCK DELIRIUM' 7 EP. \$7/Y800 The demo price is \$5/Y500. CRUCIFIER 'BY DISGRACE OF GOD' cass. EP 93

Do you remember their 'UNPARELLED MAJESTY' the cass. EP 92? That was world's most heavy black metal tape. CRUCIFIER comes from PA, USA. Their musics can be raping all nuns ass!! Truly blasphemous, occultic and demonish evil music they create. They're greatest TRUE satanic death metal band such as MORBID ANGEL, INCANTATION and other cool gods. And their songs are also reminds me such bands. Especially vocals are similar to INCANTATION and songs, too. Sometimes vocals are a bit screaming like typical black metal band. But something special, they are. And with evilish spoken. Awful guitars are too heavy as hell. Fast, blast and amazing drums are really beat me up. The song structure has many breaks and slow parts. Fuckin' blasphemy, most unholy!! Get this quality tape from PAGAN records c/o Tomasz Krajewski/P.O. CORPSE FLESH GENITALS compilation tape vol. 1

This comp. done by a guy from Swedish cool grind band, NASUM. Total 60 minutes of devastating assault. This high quality comp. tape I've ever heard! And all bands from Sweden. First of all, FULMINATION, heavy but brutalist Swedish sound hit my stereo. Next EADGE OF SANITY, 'PERNICIOUS ANGUISH' was first E.O.S. song ever to be written, taken from old recording version. DECORTICATION, DEFORMITY and ALTAR also good band and from their latest demos. 'PROTEST AND SURVIVE', NECROTIC's latest recording session. DAWN from their latest promo. INIURIA has good song structure but vocal is not my type, bit hard core-ish. RETALIATION, 2 songs of hyper-cyber-mega-ultra-blast-grind-noise-core. Plus more great and brutal deathstar, DAWN OF DECAY, SUFFER, EUCHARIST, MYSENTERY and UNCANNY are blow your fuckin' head off!! Also you can get mini zine. Write to: C.F.G. BLOOD RITUAL 'CRUCIFORM ANTITHESIS' demo 94

After the short intro, MORBID ANGEL influenced black and dark death gets my ear. This four piece comes from USA and you know, the title talks what music they play. It's really aggressive and brutal black metal but not European type band. Song structures are a bit close to DECIDE, MORBID ANGEL but unfortunately, their aim had not being at that class. Mid growling vocals are typical but had enough aggression. Guitars are holding good way of brutality, drums are sometimes blast, mainly fast speeded. Sound productions are not perfect yet. Besides, edgeless sound make me little bit let down. Further they need much effort to find their originalities. Price is \$5, I think three songs plus lyrics sheet, zeroxed cover. Write to: BLOOD RITUAL c/o Scott Sanders/2016 106th Ave. RC /Bellevue, USA 98004-2812. Their next material will be killer one.

ANGELKILL 'GARDEN OF CROSSES' demo 93

Well, this demo is very varied such as death, heavy metal, doom, black, thrash or whatever all kind of extreme musics are together. This band formed in 1988, vocalist Blakk himself. Their several line-up changed. This demo is their 3rd demo which reminds me really nervous. 'Cause I can't explain their sound one word. Some types of musical elements are combines. Let's see... kinda doom metal like INSOMNIA. They're not typical death metal band. Vocals are sometimes high topped and has basically mid growls. Song structures are really complicated. If you expected death metal sound, you're wrong. ANGELKILL holding mainly heavy music but really unique band. Sound productions are raw and heavy, plus Color cover. All 10 songs are very enjoyable. If you looking for NOT typical death/grind sound then choose this demo! Price is \$6/world. ANGELKILL P.O. BOX 371/LECLAIRE, IA/52753 USA So, judge for yourself what sound ANGELKILL is. Right, Blakk?

NECROPHOBIA 'IDEALIZE' demo 94

I've got this demo just today (ha..ha..). Well, this band play brutal grind but not average sound. I was really impressed when I first listen! First off, their rhythms are reminds me Jap's psycho grind god, CORE BEYOND NECROPSY, but songs are not so close. Complex guitar riffs are a bit reminds industrial music. Yes, sometimes their sounds really industrialized. But I can't feel industrial death god, FEAR FACTORY sounds. They have totally original ability. This demo using drum machine, so you can try to listen mega grind beats! But that's why they were lack of members. Now they've got complete line up and starts play gigs till now. It must be very interesting. This tape containing 5 fuckin' original deathly industrial grind songs. And b/w pro-printed cover plus lyrics sheet. Sound productions are really great! After broke up the IMPETIGO, the vocalist, Stevo has concentrating INSOMNIA and this demo is their recent live performance. They formerly called CHURCH OF MISERY, several demo released change their name to INSOMNIA now. The songs of INSOMNIA are extension of CHURCH OF MISERY and has much closer to '70's real doom rock sound. They've got the hint from ST. VITUS, PENTAGRAM, TROUBLE, PENANCE and more great real doom bands. Stevo's singing is totally difference from IMPETIGO, like such above mentioned band's. BRAIN DAMAGE 'REH.DEMO 2/93'

This band is two man hobby project, member from REGURGITATE and LOBOTOMY, plays total chaotic noise core. Their latest demo, it seemed to me they used drum machine. This tape was recorded at LOBOTOMY's reh.room in two hours which played Rikard:drum, Dudde:guitar and grunts. Absolutely this band sounding chaotic noise and really insane!! If you're narrow minded person, you can't accept any of their thoughts. No death metal/grind/industrial here. Just a devastating noise chaos, apart from REGURGITATE and LOBOTOMY sound. Or you're really into noise music, then you'll love this sounds. I've got the tape from Rikard, he put in some BRAIN DAMAGE songs for me. Such like their demo and upcoming split EP with CUT. SLOUGH 'ANAL LOBOTOMY' off reh.94

Hey sickos! You must have this one! SLOUGH (sluf), the perverted sick grind gore brings me rotted heads of dismembered children! They were thrashed, raped, cutthroat and collected in the basement. And they drunk their blood and eaten alive. Well, seriously, SLOUGH plays ultra sick grind with fast paced rhythms and spewing deafull vocals. The vocal is vein of early DISGRACE and such a sick one. This demo is kinda reh.recording but production is really nice and clear. Three songs of perverted sexual abuse. This demo is a fuckin' sick and really fits my ear! Also, Rick, the owner of basement(!), recorded two new songs for me. Yeah, that's cool, too! I love them! Well I recommend all of sickos around the world. You must have it, read the lyrics. NECROBIOSIS 'THE PILE OF DECAYED ENTRAILS' demo 93

The sick bastards of gore, NECROBIOSIS from Finland. But now they changed their name to WINDSHRIEK, and a bit changed the style. Well this is their 2nd demo, they play blast beated sick grind with touch of death metal feels. Brutal low growls and nasty screams makes me fuck like a shit. Grinding guitars did really great work. Their titles are about sick subject such like 'SLASHED VICTIM OF SENSELESS MURDER', 'BUTCHERY BY THE LUNATIC SLEEPWALKER'. Also they put a small melodies which reminds me of Swedish VERMIN. This demo really fits my ear, tasty as fuck! Besides, Pasi(bassman) recorded me adv.tracks for split 7"ep with INTENSE AGONIZING. They are the same line as this demo songs and of course great as well. The 7"ep from M.M.I.rec. So we can expect their next materials under the name of WINDSHRIEK. It will be great, ha! AMUDSCIAS "DEMO 1" '94

This five piece (vo/ba, gux2, dr, key) black metal-ish band from Japan. They've got influenced from BATHORY, CELTIC FROST, MAYHEM etc. The songs are mid-paced melodious dark metal sound. Vocals are quite good as the black metal band which are a bit typical screaming voice but fits for the band. And guitar sounds are not so typical as Norwegian black metal bands. The sounds are shining bright and riffing are keeping nice melodic chords. The aid of keyboard sounds the band holding quite good sense of melody which reminds me of Japanese black metal god, SIGH. Yes, keyboard play done by MIRAI from SIGH. He was great help of the band, AMUDSCIAS. Also the band used drum machine for this demo. But now the band got real keyboard and drum member. This is not insane crazy black metal but really good for the black metal maniacs. Sorry I don't know the price, ask him. c/o RYUICHI MIZUKAMI 1-2-11-205, HASHIMOTO, SAGAMIHARA-CITY, KANAGAWA, 229 JAPAN

HECATOMBE "BLESSED IN HORROR..." demo '93

This brutal death metal act hailing from Panama. You already know as the band from Panama called ENSLAYER. On the case of HECATOMBE, they play heavy death metal with touch of grind elements. Rhythms are not only fast as grind band. They've got the influences from old school death bands such as ENTOMBED, old CELTIC FROST and old SLAYER, but mostly they reminds me of old SEPULTURA. I can feel same vein as ENSLAYER, too. Unfortunately sound production is not so good (especially vocals are all distorted) but songs are real cool, I like that! This demo containing 6 brutal songs and 1 live version and 1 reh. version. Also JUSTO, the guitar player, recorded some reh. songs for me. I love the sound of that vocals which are not effected as the demo songs. I hope, they should use none effect low growls next time. But I really enjoyed this tape! The song structure is quite good. Price is \$5. C/O JUSTO VILLALAZ P.O. BOX 11181, PANAMA(6), REP. PANAMA

Are there any industrial metal fans? Ok, this is for you. This four mechanized heads brings us cold electric mind storm. Heavy, pounding, mind-raping brain crush sound. I don't know much about this band but really great industrial metal band, from the country of technology, Japan. Also sound production is high quality, not average demo sound, really nice. Now I'm warping into space to space... Their coldest sound sneaks into my mind and eating my brain. CLOTTED SYMMETRIC SEXUAL ORGAN "REH. DEMO" '94

One of my fave band, C.S.S.O. from Japan. This tape is their recent studio sessions as 13 sick/bizarre songs. Plus 2 of their adv. songs for upcoming releases. On the reh. songs they are godly original sound you've ever heard. Here's some of their song titles, "PENNISNATCHER", "ZOMBIE FUCK", "NUCLEAR KARATE MAN", "SPARTAN SEX" and "DO NOT". Well, do you think that what sounds would imagined? First time I've heard their songs, I was really shocked. 'Cause of their total originality. They mixed some kind of sources up. Most unique element is Jap's animation (cartoon). They put it on the songs, SE and guitar solos. If you want to know the details read their interview on this issue. You'll can find the answer. Also sound production of this reh. tape is quite good. Some times reh. tape has really bad sound quality. But it's not. I recommended for sick guys! Price is \$4, ¥500. But limited only 150 copies, hurry! Address is on the interview page.

DESECRATION "MANGLED REMAINS" demo '93

It's my tastell Pure perversion and pure gore sound here! If I'd heard this demo before couple months ago I'd definitely feature their interview on this issue. But I'm late... DESECRATION really fits my zinell. Well, they play real brutal gore death/grind with extremely perverted gore lyrics. That's why they're UK's only true gore metal band. Look at their lyrics for yourself. Vocals are lowest brutal growls as same vein as the band like MORTICIAN, CANNIBAL CORPSE and IMMOLATION. Rhythms are fast paced but not only blast. These four songs are all sadistic ear torturing butchereries. They said this the recording was low budget so the production is not so good. But I don't think so. All songs are really raw and has enough quality. Well, actually this demo has no cover art. The cost is free, only cover postage 70 p stamps or maybe \$3 or 4. DESECRATION C/O OLLIE P.O. DEAD BEAUTY 'CEPHALOPODA' demo 94

Fuckin' crazy sanofa-bitch!! Filthy stinking totally shit bastards comes against DEAD BEAUTY is two man joke (I don't think so) project from CONSCIOUS ROT. These Lithuanian shithead bastards take me to the world of pleasure and pain. Whipping grind noise metal plus funny instruments. Strongest riffs with distortion insane growlings. The rawest (and dirty) sound that I've never heard before!! But it's too cool! They took again a few cover songs which played twisted arrangement. Mostly SABBATH 'ZERO THE HERO' is a incredibly best performance more than other band did. If you heard their 1st demo 'FAREWELL BY GREETING', you can totally enjoy this insane shit masterpiece. Really I'm fallin' in love with them! I don't know the price maybe \$3 or 4. Also still available 1st D.B. demo. Get both!! JUODAS P.O. BOX 465, 2007 VILNIUS, LITHUANIA

FLACHENBRAND 'REH 94'

This grind/noise project including member of W.B.I., TUMOR, NECROPHILIACS and a guy from RODEL records, Germany. This tape is reh. recording but production is too good. Insane screaming with high pitched grind guitar, blast beaten speed drums. Mostly reminds me of W.B.I., early N.DEATH, AGX and such as godly sound. Song structures are quite good, whole image is fuckin' grind as well. There's no death metal influence, true grind/noise here. If you really into grind/noise, just listen at any cost or find trader who has this great tape!

EVISCERATE 'demo'

I don't know much about this band but songs are pretty good. They play brutal death metal, guitars are heavy tuned catchy riffs and showing some brutal faces. Vocals are also typical but good growler. They're not speed demon, song structures are heavy and bottomed rhythms. Also some slow parts are included. Main influence is ROTTREVORE, early ENTOMBED and some heavy death bands. I only know is that they hailing from N.Y. The tape containing 4 quite good songs. Just try to listen this band. I don't know their address, sorry.

GALLOW'S 'BUTTERFLY - PROMO TAPE 94'

I've got this tape from my friend (thanks Shinichi!) and he recommended me this Israeli outfit, GALLOW'S. What sound would you expect from Israeli band? Oriental melodies? Yes, there is, and it's their original. These 3 piece plays doom rock meets grind rock which blended so well. Also they holding keyboard parts which play is improvised like 70's stuff. See SABBATH, GRAND

FUNK, ZEPPELIN I can hear the such as 70's element in their songs. Especially keyboards melody reminds me of continental sound. Only 3 songs but total 20 minutes long wide range doom/grind rock. The last one 'POTIMIC END?' gives me a trip to the other side!! The promo demo is not for sale, only zinc, label and traders. Trading to: ELLAD SHAPIRA/HAGDOOD HAIVRI 19A/K HAIM 26304/ISRAEL

RETALIATION 'DEVASTATING DOCTRINE DISMEMBERMENT' 94

They're heavy tuned death metal and reminds me of Swedish sound. Yes, their aim is going to make a godly Swedish sound, like a EDGE OF SANITY. They said next materials gonna be a more melodious and has lots of guitar harmonies. You'd better memorize their name. And they would be out first demo on this winter time. YUJI 'HYPER CHAOTIC NOISE CREATOR' SATO

CANNIBALISTIC DISSECTION had been around a couple years. Their 1st demo including 209 songs. As you know what songs they created! However, their 2nd demo was a bit different that are much longer. It reminds me RGT. I'm really like their 2nd demo. So, here's talking with YUJI SATO (Gu). Let's dissect!!

1) WELL, HOW'S IT GOING? DID YOU FIXED THE MEMBERS? LET ME KNOW YOUR CURRENT LINE-UP?

— For the present, H. ORIHARA/vo, Y. SATO/gu, and M. MATSUDA/dr (support).

2) YOU JUST RELEASED TWO DEMOS, WHICH IS YOUR BEST? I THINK BOTH ARE NOISE CORE/GRIND NOISE, BUT IT COMPARES THAT A BIT DIFFERENT.

— I like both demos. I think 1st demo's sound is influenced from SORE THROAT and T.M.O.N., and we tried to make sound have originality on 2nd demo. Of course, 2nd sound contains the elements of 1st.

3) WHY 'POST-MORTEM DISSECTION DEMO '94' WAS TITLED ON EACH SONGS? IS THERE ANY LYRICS? WHAT

SUBJECT DID YOU WROTE ABOUT?

— Because I couldn't little on 1st. (laugh) Of course there are lyrics. Substances are necroticism, dissection, abnormality and sex.

4) THE NAME OF CANNIBALISTIC DISSECTION REMINDS ME CORE FEELINGS. DO YOU LIKE CORE FILM? IF SO, WHAT ARE YOUR FAVE?

— 'CANNIBAL HOLOCAUST', all series of 'DEATHFILE', 'SUPER JUNK' and 'THE GUINEA PIGS' 'THE TOXIC AVENGER'. And I think 'Ultimate Fighting' is cool!! Deathmatch of WING and I.W.A. Japan is brutal!!

5) HOW MANY SOLD YOUR EACH DEMOS? AND ARE YOU SATISFIED WITH IT?

— I sent demos to distributors in the interior and overseas, so I don't know the amount sold correctly. But I am satisfied!!

6) I SUPPOSE C. DISSECTION WAS INFLUENCED BY EARLY MEAT SHITS, A.C., OR SOMETHING LIKE THAT. BUT I FELT SOMETHING SPECIAL IN YOUR MUSIC THAT IS SOME KIND OF DIFFERENCES. DO YOU THINK THAT WHAT IS THAT?

— I said just now, the influence was gave from SORE THROAT & T.M.O.N. I think our sound have elements of death metal and grind core.

7) TELL ME YOUR OPINIONS ABOUT NOISE SCENE NOWADAYS. WHICH ARE YOUR FAVE BANDS?

— I don't know so much about noise. My favorites are ASSUCK, CACOPHONY, FEAR OF GOD, REGURGITATE, ANARCHUS, NUCLEAR DEATH, DOWNTOWN, old NAPALM

DEATH, RAPTURE and etc...

8) ARE YOU INTERESTED IN ANOTHER GENRE LIKE INDUSTRIAL, AMBIENT AND GOTHIC ETC...?

— I'm not interest in these so much.

9) WHAT DO YOU THINK ABOUT THE LENGTH OF THE SONG? MOST OF THE NOISE BANDS MAKES 'WORLD'S SHORTEST SONG'. ARE THEY GONNA GET BIG IMPACT ON PURPOSE?

— I think that, I want to play the completely grind, stupid, shit and noisy. So I think short song is good. But I don't know other bands.

10) WHAT IS YOUR NEXT MUSICAL APPROACH? DID YOU HAVE ANY INFLUENCE CHANGE? OR SAME DIRECTION?

— Secret!! (laugh)

11) TELL ME ABOUT YOUR SIDE PROJECT?

— I have another grind core band, and the band of former vocalist (H. SHINOZUKA), I'm helping as guitarist for that. And I have some bands.

12) IS THERE ANY RECORDING PLANS? WHAT ARE WE EXPECT FROM YOU?

— Secret!! (laugh) If you want to expect, or don't, I leave that to you!!

13) THANKS FOR YOUR INTERESTING ANSWERS. FINAL WORD PLEASE?

— Thanks for your interview! Good luck to your fanzine!

After this interview, I've got the reh. tape from Yuji. It was recorded in small studio, but feels great! Total chaotic grind/noise!! Fuckin' killer tape!! So, watch out their next action! Write to:

SONIC WAVE SCREAMER: H. ORIHARA

This band was formed in 1989. Several line-up changed, then they recorded 1st demo entitled *THE DAWN HAS COME* in 1992. It was in 72 songs mega grind/noise car tortur plus Intro. Vocal was pitch- shifted extremesplatter growling that on the grind/noise music. I've got their second demo *"HUMAN ATROCITY"*, it was 16 tracks recorded 14 songs grind/noise with an Intro. The vocalist HANS SWITS running his own label LOWLAND records. So, here's interview with my friend HANS "Inhuman splatter noise creator" SWITS.

1) LAST DAYS OF HUMANITY IS A QUITE OLD BAND WHICH PLAYING SINCE 1989. IS THERE ANY MUSICAL DIFFERENCES BETWEEN NOW AND THEN?

HANS-In the very dark beginning we played just noise cause we didn't know how to play our instruments. When we recorded our second could play a bit better. Also we used a harmonizer over the vocals. At the present day we got 2 new guitarist, and a new bassplayer. Our new songs are more death/grind but still with ultra brutal vocals. So the main differences are that we have evolved from chaotic noise to brutal death/grind.

2) BIG SUCCESS OF THE BANDS LIKE AxCx, MEAT SHITS AND 7. M. O. N., NOISE BANDS GOT ATTENTIONS IN THE SCENE. HOW DO YOU FEEL ABOUT THE FUTURE OF NOISE SCENE?

HANS-I think that the noise scene will continue to exist. But I don't think that it will ever be as big as death metal or black metal.

3) ASK YOU ABOUT "HUMAN ATROCITY"
DEMO. A INTRO WAS TAKEN FROM

FAMOUS SPLATTER FILM. YOU SEEM A BIT INTO GORE/HORROR FILMS, AREN'T YOU? WHAT'S YOUR FAVE? HANS-Yeah that Intro was taken from the first EVIL DEAD movie. I like horror movies very much. My faves are BRAINDEAD, EVIL DEAD 1, HELLRAISER 1+2, EXORCIST 1+2, THE OMEN 1+2+3 + lots more.

4) ARE THERE ANY LYRICS? WHAT ARE
DEAL WITH?

NANS-We don't have lyrics. But some songs do have a meaning like "HUMAN ATROCITY" is about all the senseless wars that are taken place here on this planet. "CHURCH OF LIES" is against all religions cause my point of view is that religions are only here to keep the people down. That are invented by some people thousands of years ago. And the song "23122012" is a date 23-12-2012. It's the date that the maya's (Indian tribe from central america) have predicted to be the end of the world. So with a bit of luck I'm going to see the end of the world. By the way that's on a wednesday. But we are not a band that likes to preach so we don't print lyrics. It's the music that counts.

5) YOUR VOX WAS VERY IMPRESSED ME
AT FIRST LISTEN. WHERE'S THE

IDEA CAME UP?

HANS-I wanted to use a harmonize from the beginning. But at that time I had no money to buy one but now I have. I think that harmonized vocals are the most brutal vocals that you can get.

6) DO YOU HAVE ANY NEW MATERIALS?
HOW'S LIKE THE NEW ONES? SAME
WAYS LIKE A OLD DEMOS?

HANS-We now got 4 new songs ready which are more in the death/grind vein. So they aren't in their old vein anymore.

7)DID YOU HAVE ANY INFLUENCES FROM ANOTHER GENRE LIKE INDUSTRIAL OR SOMETHING?

8) ANYWAY WHAT ARE YOUR FAVE NOISE/GRIND BANDS?

HANS-I got so many fave bands but to give you a few. GUT, NECRONY, KRISIUM, REGURGITATE, RETALIATION, GORE, BEYOND NECROPSY, FEAR OF GOD, DEAD CAN DANCE, CARCASS, old NAPALM DEATH, AGATHOCLES + lots of more.

9) COULD YOU TELL ME NEAR FUTURE
PLANS AND RELEASES?

HANS—We will record a 7" EP on my own label and try to do as many gigs as possible.

10) FINAL WORD FROM LAST DAYS OF HUMANITY. PLEASE?

FIANS-Thanks Tomoaki for the interview + suport. Everybody who is interested in L. D. Q. H- just write me. (NO IRC NEEDED!)

Thanks! For the answers, Hans! Recently I've got their three reh. songs of their brand-new materials. They are more close to grind music, far from noise core. The songs are much longer than their previous songs. New songs have good structure and of course most brutal and insane harmonized vocal! The materials will be out on 7"EP, I guess.

But Hans, you need more heavy bottomed strings sounds behind the vocals. Then you can get the perfect grind/noise, ok? Anyway I'm really expecting from your band!! So keep up good work and stay sore to the core!! C-YA!!

GORUGOTH is only black metal band in this issue. I was shocked after listening "FIEND" demo 'cause it's really great black metal demo I've heard in a couple months. And he, yes GORUGOTH is one man project, got tons of talented mind to create crazy satanic sound. So, here's evilness talk with Kouzaburo Kojima, the hyper blasphemous mad screamer!! He kill the holy!!

1) WELL, WHAT BAND DID YOU LISTEN RECENTLY? AND WHICH ARE YOUR FAVE 5 ALBUM?

— I listen often OHURA-MAZDO, IMMORTAL, WARDUK etc. My fave stuffs are O.MAZDO "THE INCARNATION OF SATANAS", IMMORTAL "PURE HOLOCAUST" + "DIABOLICAL FULL MOON MYSTICISM", MORTUARY DRAPE "INTO THE DRAPE".

2) I HEARD THAT YOU USED TO BE A DEATH METAL. BUT NOW YOU ARE INTO BLACK METAL THAT SOMETHING HAPPENED AT THAT TIME. THAT'S THE REASON WHY YOU JOINED THE EVIL CIRCLE? TELL ME ABOUT IT?

— I watched the live of OHURA-MAZDO last year. I was tired 'darkless' death metal at that time. But they have got everything that I want to. And express it on the live show. It leads me to the new world by their power that withdraw my mounting ability inside of me.

3) GORUGOTH IS JUST ONE MAN BAND. IF THERE'S PERSON WHO HAS GOOD TALENT, DO YOU WANT PERMANENT MEMBERS? AND DO YOU WANT TO PLAY GIGS?

— I don't need no members or play any gigs. 'Cause "GORUGOTH" is insanity which existing inside of me, and anyone has any guts who can't express the feelings. If I doing so, never do it on GORUGOTH. I take another band.

4) THE "FIEND" DEMO HAS HIGH QUALITY STRUCTURES. MOSTLY VOCAL PARTS ARE INCREDIBLE. WHERE'S THE IDEA CAME UP?

— I don't know where they

came up. But "GORUGOTH" is the subconsciousness inside of me and I can't handle it even me. Simply say when it came out, I lose control of myself!

5) VENOM IS ONE OF THE ROOT OF ALL BLACK METAL BANDS. BATHORY ALSO. HOW ABOUT THEM? DID YOU GET ANY INFLUENCES FROM THEM?

— They are godly! I like their "BLACK METAL", "POSSESSED" album especially. There's a small influence to GORUGOTH. But myself, Kojima got a huge influence. (Yeah, I love VENOM, they still giving me the power of darkness, godly!! — ED)

6) THE MEMBER OF BLACK METAL BANDS IN NORWAY, THEY BURNED DOWN THE CHURCHES OR KILL SOMEONE. DO YOU THINK THAT IS THERE ANY RELATIONSHIP WITH "BLACK MAGIC"? TELL ME YOUR OPINION.

— I don't know exactly what happened. I think big power called 'black magic' is running on it. Also there's invisible power which exist all of the space we live on. They called 'god', 'satan', and that effect called 'miracle' or 'misfortune'. We called it 'black magic' and we've got the power. I believe in 'black magic'.

7) YOU'VE JUST ENTERED 'APPOINTMENT WITH FEAR VOL. 3' COMP. CD. IF THE OTHER BIG LABEL SHOWING INTERESTS TO GORUGOTH, WHICH LABEL WOULD YOU CHOOSE?

— OSMOSE prod., MORIBUND records., EVIL OWEN rec., PAGON rec. showed interests, but nothing to release from them so far.

8) DO YOU HAVE ANY RECORDING PLANS? HOW MANY SONGS DO YOU HAVE NOW?

— I've no plans. And I have total 20 songs including old style and 5 new songs.

9) LET ME KNOW ABOUT YOUR NOISE PROJECT "GOLGOTH"?

— GOLGOTH's origin is noise. Noise is the universe which contains planet 'black metal', 'death metal' etc. When I feel structured power, I'll make black metal. When I feel power directly, I'll make noise. I have varied noise projects called "SITAIKOKIBA", "SHURA", "CHAINSAA" etc which can feel some insanity if you interested it.

10) WHAT DO YOU FEEL ABOUT JAPANESE BLACK METAL BANDS? ARE THEY GOT SERIOUSLY ABOUT 'SATANISM'?

— I know the bands like O-MAZDO, ABIGAIL, SIGH, SABBAT in Japan. O-MAZDO is a really great band and like I've said before they have everything what I want. My satan! I don't know much others. And I like SABBAT's satanic sound. I said before, there's a big power around us, and it makes us something to do. I think the something which are misunderstanding is 'Occultism' or 'Satanism'.

11) FINAL WORD PLEASE?

— Thanx a lot!!!!!!

Thanks for the dark and cold answers, Kouzaburo. So, if you really into black metal, check this great band. See the demo review section what I'm thinking about the demo "FIEND". And be also doing several projects which are all great!! I've been impress his great works. If you interested then ask him. Well, "FIEND" demo is \$2 + 21RC/world. Y200 + ¥190 stamp/Japan.

VIVISECTION

GRIND TILL YA BLEED, these grind maniacs provide extreme TRUE grind core music! There's NO death metal or industrial influences. VIVISECTION is a quite young band that they formed in May, '93, and 1st demo was out in Dec, '93. (It's still available ¥300/Japan or 31RC/overseas) But they have huge talents to create just intensively grind. And now, they got some offer to recordings 7" EPs. Here's interesting talk with YUSUKE ADACHI, TSUTOMU HIRAMATSU, SOUICHI TSUZURANUKI and TOMONORI NAKAZAWA. So let's GRIND!!

1) HI, THANKS FOR YOUR ADV. TAPE. IT'S FUCKIN' GRIND!! WHERE THE MATERIALS WOULD BE RELEASING OUT? AND WHAT FORMAT?

YUSUKE—First of all, we're really glad to hear that you enjoyed our new songs. Thank! Promoting with our 1st demo, we've got deals with M.W.I. rec. and ECOCENTRIC rec. (both are GERMANY labels). Unexpectedly, both labels wanted to release a double split EP. So we'll have two double split EP's. Both EP are supposed to be released in Sep./Oct. '94. Please wait! By the way, we've got another deal with SLAP A HAM rec. So we'll record our new songs for a 7" EP.

2) NEW SONGS COMPARED WITH YOUR FIRST DEMO, IT'S MUCH MORE HARDER AND FASTER. DID ANY INFLUENCES CHANGE?

YUSUKE—I think the difference between 1st demo and new material is the guitar sound. When we recorded the 1st demo, we were not satisfied with the guitar sound. So we put emphasis on it this time. Our musical influences were early extreme music bands like NAPALM DEATH, TERRORIZER, UNSEEN TERROR, HERESY, SIEGE, S.O.B., DISCHARGE etc. Personally, I was influenced by Kaly of HERESY.

3) TELL ME ABOUT YOUR CHILDHOOD. WHAT KIND OF MUSIC DID YOU FIRST LISTEN AT THAT TIME? AND WHY DID YOU ENTER THE WORLD OF GRIND MUSIC?

YUSUKE—I didn't listen to any kind of music. But when I was 15, I listened to POSSESSED. It was the beginning.

TOMONORI—Ordinary Japanese pop songs.

TSUTOMU—My first music was 'SWING OUT SISTERS'. They lead me to the world of music.

4) HOW DO YOU FEEL ABOUT CURRENT GRIND SCENE? TELL ME YOUR HONEST VIEW? DO YOU THINK THAT WHICH BANDS ARE THE TRUE GRIND?

YUSUKE—It is a very hard question. There're many good bands in Japan. But when we have a gig, only 30-50 people come to the gig. 'Grind scene' itself is small, I think. So we have to make it big. True grind core bands are BRUTAL TRUTH, GORE BEYOND NECROPSY, S.O.B., VERMIN, ANAL CUNT, BRUJERIA, UNBIASED...

5) HAVE YOU HEARD NAPALM 'GOD OF GRIND' DEATH'S NEW ALBUM? WHAT DO YOU THINK ABOUT IT? I THINK IT'S BETTER THAN 'UTOPIA BANISHED' LP.

YUSUKE—I love their new album

very much. Their songs are still heavy and unordinary. I like 'UTOPIA BANISHED' too. TSUTOMU—They are not 'grind core' band now.

6) MOST OF THE GRIND/HARDCORE BANDS DEALING WITH POLITICAL SUBJECTS FOR THE LYRICS. IS IT NECESSITY FOR GRIND BANDS?

YUSUKE—Is it strange if grind core bands sing about love? Lyrics are not important for me, when I listen to music. But there's a lot of things we have to make a complaint. For example, Japanese politicians are fuckin' shits! They must die. SOUICHI—I have no particular lyrics. I just show my hate feelings about many things.

7) TELL ME ABOUT YOUR ANOTHER PROJECT 'TERRIBLE HEADACHE'? THEIR BOTH DEMOS ARE FULL OF ORIGINALITIES THAT MIXED UP WITH SOME DIFFERENT ELEMENTS SUCH AS TECHNICAL, PSYCHEDELIC, HARDCORE AND HARDCORE. WHY DID YOU STOP THIS GREAT PROJECT?

YUSUKE—Thank you very much. Tomoaki! TERRIBLE HEADACHE was formed in 91 and released two demos, in 93. I thought T.H. was a serious band, but other members not. That's why I

TSUZURANUKI (Vo), ADACHI (Ba), NAKAZAWA (Gu), HIRAMATSU (Dr)

stopped T.H. I like the songs of T.H. very much. So I still want to play in T.H. But I don't have the time to do it. Both demos are still available, so if anybody want to listen to the demos, send me ¥190 stamp or 3 IRC's.

8) HOW MANY GIGS DID YOU HAVE TILL NOW? AND HOW'S THAT LIKE?
YUSUKE—Till now, we had 10 gigs. Usually we play 15-17 songs and for about 30 minutes. We often play cover songs of early NAPALM DEATH, TERRORIZER, HERESY etc. Just for fun. We have 1 or 2 gigs in a month. We want the audience to become violent. Dives, moshers are welcome. We do our bests on stage.

9) JAPAN IS A QUITE PEACE COUNTRY IN THE 'TWISTED' WORLD. BUT, IF NAZISM GOT START TERRORIZE US, HOW WOULD YOU DO?
YUSUKE—It's beyond my imagination. But I think we must always be aware of such

problems.

10) SOME JAPANESE PEOPLE WERE KILLED IN SOME COUNTRIES. IT'S NOT JUST A RACISM BUT IN FACT THERE IS A SORT OF RACISM. HOW ABOUT IT?
YUSUKE—Racism exists all over the world. But racism produces hostility, and it means nothing. I hate any kind of racism but we can't wipe out racism completely. In the first place, we have to try to see people without prejudice.

11) BACK TO THE MUSIC, WHAT'S THE PROCESS OF MAKING YOUR SONGS?
YUSUKE—All members except Souichi write songs. Tomonori always bring a tape to studio. We listen to that tape and arrange his songs. Sometimes we hit upon an idea in the studio. But not often.

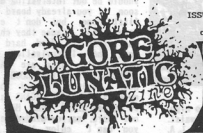

12) DO YOU THINK THAT VIVISECTION IS TRUE GRIND BAND?
YUSUKE—Yes! We formed this band

just to play 'grind core'. We want to be called a true grind core band.

13) THANKS FOR YOUR ANSWERS. KEEP UP FUCKIN' GRIND!! FINAL WORD PLEASE?
YUSUKE—Thanks for the interview. Keep your great work, Tomoaki. Stay brutal!!!!

Well, how do you feel about this interview? Did you have any interests to this great grind band? If so, get their demo soon as possible as you can. Or they will be out some EPs in a little while, at least winter time in this year, just wait. And their live performance is great! Especially string sections has a good intensity and plays totally grind! The rhythm parts are also fuckin' grind as hell!! Watch their show! Anyway write just now.

GENITAL ORGANS

Weird grind band, GENITAL ORGANS, from here in Japan. Their first demo was a grind core with touch of funny/stupid feelings. But, I've got their reh.tape including some new songs. It seemed to me the new materials is no longer average grind music. I can heard that they re improvised like 70s psychedelic rock. I asked them about it and they answered strangely and weird as fuck! This short interview was answered by Iwama, Yamamoto and Ono, the wide ranged mind openers. You'll see what they so open mind as I said that you may listen their next demo or whatever in near future.

1) FIRST OF ALL, LET ME KNOW YOUR LINE-UP, WHO PLAY WHAT?

—Yamamoto-guitar,
Iwama-drums, Katayama-voice,
Maruyama-bass and
Ono-dancer (live only!)

2) WELL, THANKS FOR YOUR REH.TAPE! IT SEEMS TO ME THE TAPE INCLUDED SOME NEW SONGS. IT WAS CHANGING YOUR STYLE TO JUNK/NOISE.... DECREASED GRIND PARTS. WHY DID YOU CHANGE THAT STYLE?

—God told us. Black metal is not healthy. Because we want to surpass POISON. (Fuckin' glam fags in L.A.? —ED) We thought so.

3) DO YOU PLAY IMPROVISED? I CAN HEARD SOME IMPROVISATION PARTS

ON THAT TAPE, IS IT INTENTIONALLY OR...?

—It started with BIG BANG! We return the cosmos. There produce that best thrilling black holly slisan ensemble. And earth is clashed high level improvisation. But we contact ceaselessly with U.F.O. (What? Ha, ha, ha. —ED) On these are fucking little lie. We can't play good.

4) HOW DO YOU EXPRESS YOUR STYLE TODAY? DO YOU THINK THAT GENITAL ORGANS IS STILL GRIND BAND?

—Comic soul grind disco night fever. Grind is spinning waist. (It means sex? —ED) We're L.A. metal now. (You kidding. You're so funny guys, ha, ha, ha —ED) 5) DO YOU HAVE ANY NEW RECORDING PLANS?

—September, warning up at Saturn studio in Jupiter. We think attack once jab that symphonic bossa nove opera together.

6) WELL, WHAT TYPE OF MUSIC DO YOU USUALLY LISTEN? AND WHAT INFLUENCE DID YOU GET?

—Voice changer Katayama likes hip hop tic religion music. Maruyama likes funky moog music. Iwama likes tap music(?). Yamamoto have not listening to music. Our favorite bands are JOHN CAGE, CAPTAIN BEEFHEART, WHITEHOUSE, SUN RA ARKESTRA...etc.

7) THANKS ALOT! FINAL WORD PLEASE? —Keep a rockin'!

Well, well, well, did you get the messages from the outerspace, GENITAL ORGANS? I think you did. These funny guys should be out interesting music. soon. If you already heard their first demo, but don't expect same sound. 'Cause they changed the style to added hard core funk and improvisation play. See, their faves are CAPTAIN BEEFHEART and WHITEHOUSE...etc now. Besides you'd better memorize GENITAL ORGANS is not so usual grind band. Hey you, out there, narrow-minded-person, you can't enjoy their music anymore! Write to this strange grind band to:

DEATHRUNE

Well if you really like brutal, deeper and heavy stuff, or you would have more extreme pleasure if you had needed IMMOLATION, MORTICIAN and INCANTATION stuff. Then you choose DEATHRUNE stuff!! right now. They hailing from New York, that's the area who came to us, IMMOLATION and MORTICIAN...etc. They're same vein as such bands brutal, heavy and intense!! And I was really interested that a producer who helped them alot is Roger Beaudard of MORTICIAN!! 'Cause MORTICIAN is also my fave band. So I asked some questions about the band to Mike Saez, lead guitar player of DEATHRUNE. Here's a hottest talk with brightest hope of TRUE death metal band, DEATHRUNE's spokesman Mike. Don't forget read their review!! Then you may order their demo. Ha..Ha...

1) TELL ME THE MEANING OF DEATHRUNE?

— Well runes were the ancient written language of pre-Christian Scandinavia. They later were outlawed by the Christian religion because they felt the runes were associated with the darker, evil religions. A 'deathrune' is supposed to be a real morbid kinda curse you could say.

2) DESCRIBE YOUR MUSIC STYLE?

— Well it's definitely brutal. I think if you took GORGUTS, BENEDECTION and IMMOLATION and then mixed them up in a hat you would have our style.

3) WHAT INFLUENCES DO YOU HAVE?

— I'm really into shit like MALEVOLENT CREATION, IMMOLATION, DEICIDE, CANNIBAL CORPSE, MORTICIAN and SINISTER. I also dig SEPULTURA, old SLAYER and the good old thrash stuff.

4) WHAT'S YOUR RELATIONSHIP WITH ROGER OF MORTICIAN? WHAT WAS HE LIKE AS A PRODUCER?

— ROGER is my boy. He's real cool. He's always bringing me to his house to listen to his latest stuff he's written, or to watch him play his computer games. He was a real good producer. Since he's into the

band he had an idea of the kind of sound we wanted. He gave his little hints and ideas on certain things we did. I feel his production was top notch!

5) WHICH BANDS HAVE YOU PLAYED WITH?

— As far as national acts we have opened for bands like UNLEASHED, BROKEN HOPE, INCANTATION, DEMENTED TED and some more. The end of the month (July) we are playing with MORRID ANGEL & CROWBARI

6) HOW MANY 'MEMORIES OF THE EXHUMED' DEMOS HAVE YOU SOLD?

— Well we made up about a

thousand and it's almost time to order more. I don't know the exact number but as of lately it's really picked up!

7) WHAT DO YOU THINK OF YER SCENE NOW? IS THE SCENE ACTIVE NOW?

— It's not too good. You have big bands around like MORTICIAN, DEMOLITION, HAMMER and IMMOLATION. Unless you are deity no one will support you here. As far as people coming out to shows, it's sad. Every show is just our girlfriends, IMMOLATION and MORTICIAN, a few friends, and the local drunks! There's one good grind band called MALIGNANCY. They usually play with us. That's it for demo bands though.

8) WHAT TOPICS DO YOUR LYRICS DEAL WITH?

— Well Chris usually handles the lyrics. No 'Satan this', 'Satan fucked my mom' bullshit. I think books and old myths inspire him.

9) DID YOU WRITE ANY OTHER SONGS AFTER THE DEMO? HOW ARE THEY COMING?

— Yes. We have quite a bit of new songs. Like 5 or 6. Some titles are 'CHOOSERS OF THE SLAIN', 'SHADOWS OF THE HEADSMAN' and 'UNDEAD WAYS'. They are heavier in terms of speed, but still have lots of catchy riffs.

10) TELL ME YOUR FUTURE PLANS AND RELEASES IF YOU HAVE ANY?

— Right now we're just promoting the demo. In September we have a seven inch with us, ALIVE, MALIGNANCY and MORTICIAN. Some real cool bands. Hopefully around October we will record again!

HORROR GORE FLIX Review

needs human blood and command her to taste it. She finally have a baby monster which is really grotesque and start to strike human. Whole scenes are cover with bloody red and really great film form France. I really love this filx.

ALL NIGHT LONG '92 Directed by KATSUYA NAKAMURA

This is Jap's violent shock x-rated film. The scene including such as lynch mob, cut a girl's achilles tendon and then rape her, sado-maso murder, stab with a knife again and again... 3 boys had watched the scene of psycho murder. Then their mind were invaded murder and again they watched rape scene. They had get nuts and start killings. Low budget and cheap effects but really insane. Not my fave but worth checking out.

NIGHT OF THE LIVING DEAD 1990 VERSION

Directed by TOM SAVINI

20 years ago, ultimate classic zombie film was shot by G.A. ROMERO. His friend Tom Savini took a chance to create new '90 version 'NIGHT OF THE LIVING DEAD'. Also executive producer is G.A. ROMERO. This time full color print and effects are realistic as well. Story is the almost same as the classic one, except the ending scene. You know the story is, I won't tell you. Well, what do you think about this film? Let me know your opinions. I was really enjoy it!

BRAIN DEAD '92 Directed by PETER JACKSON

Wow! This is a total gore/zombie film I've ever seen in a couple months. If you want to see total gory filx, then get this shit quickly as possible. If not, never ever watch this bloody massacre filx. Peter Jackson's latest film, "BAD TASTE" was also intense hand made gore movie. This time his incredibly imagination was grow and grow up and a bit money added for better fx. However still B-grade effects, but more and more blood cover the scene. If you want blood, then you'd better get this shit!! I don't tell whole story on this review 'cause you should have to watch it for yourself!! Excellent as hell!!! And definitely makes you puke!!

TWO EVIL EYES '90

Directed by G.A. ROMERO & D. ARGENT

G.A. ROMERO and DARIO ARGENT challenged EDGAR A. POE's short story "THE FACTS IN THE CASE OF MR. VALDEMAR" / ROMEO. "THE BLACK CAT" / ARGENT. ROMERO still took zombie story, ARGENT took famous cat's revenge story. Both directors were well known as ultimate horror creator, so you can enjoy 2 times better than other one horror movie. These are both classic story but they arranged for present age. Mostly ARGENT's version is too horrible. If you like cat, don't abuse them ever. This is just a movie but remaining a few facts on it. I forgot one thing, special effects done by TOM SAVINI (ZOMBIE TRILOGY), he's always good as well!

THE RESURRECTED '91 Directed by DAN O'BANNON

This film made by my fave script-writer, DAN O'BANNON. (ALIEN, RETURN OF THE LIVING DEAD, TATAL RECLL.) He also did director on this film and his work was really good. Original story was written by H.P. LOVECRAFT's "THE CASE OF CHARLES DEXTER WARD" which is his best story I ever read! You know, the relationship between death metal and LOVECRAFT, some bands took his story for lyrics. One man resurrected the dead to the living from their glory days. And he wants immortal life by the Necronomicon, but.... You should watch this great film. Besides, sfx was pretty good which by Todd Masters.

THE PIT AND THE PENDULUM '91

Directed by STUART GORDON

Director of famous "FROM BEYOND" and "RE-ANIMATOR" shot new gothic horror story written by Edgar Allan Poe. It's not too much blood but there's interesting torture scene. This film is one on his best work, I think. No low budget, no cheap stuff. In the middle age Europe, the victim, a girl was loved by fallen bishop who locked her up and torture her again and again. 'Cause he thought she was possessed by the evil. This age, only religion was believed by the people. Blasphemies were punished by bishop who cut by the horrible pendulum slowly but surely. Her husband wants to help her... But he trapped and let to the pendulum!

BABY BLOOD '90 Directed by ALAIN ROBAK

This French bloody red film shoot through my heart so much! I don't know how good the French horror/gore scene exactly. I know, there's some talented directors. Anyway this film is about a possessed girl who wants human blood and seeking and hunting them. That's for pregnaunted baby who

GATES OF HELL '80 Directed by LUCIO FULCI
Italian gore master Fulci's old film 'GATES OF HELL' has been shocked us till now. N.Y., a prophet saw the city of the living dead in her vision. If the gates of hell was open the evil dead will be release from hell. She and newspaper reporter went to the city of the dead, Dunwich. And they're going to stop the resurrection of the dead. Swarming the maggots, drilled for the brain, regurgitation of the guts (RGT took a intro from this film, anyway) and rotted stenchy zombies.... Most terrifying gore film you've ever seen!! A must!!!

BODY BAGS '93

Directed by JOHN CARPENTER & TOBE HOOPER
Most famous horror directors gathers as one! J. Carpenter, T. Hooper, Sam Raimi, Wes Craven and Roger Corman are acted in this 3 various horror stories. 'THE GAS STATION' and 'HAIR' directed by J. Carpenter, 'EYE' directed by T. Hooper, which are all enjoyable short horrible nightmare you ever dreamed! Both directors are my faves and I always liked to watch their filx. Sfx was really well done and disgusting bloody make-up feels so tasty!

FRANKENHOOKER '90

Directed by FRANK HENENLOTTER
Director of 'BASKETCASE', Henenlotter's latest flick. Elizabeth, a medical student's girl friend was lawnmower death! Franken who is a mad-scientist, tried to resurrect her... But lack of human body parts. So what did he do? He bought some hookers (That's why 'FRANKENHOOKER') and finally he got some parts (How? he, he, he) to put on girlfriend's dead head. Well this gore-comedy is a Henenlotter's 'BRIDE OF FRANKENSTEIN'. And there's extreme many grotesque creatures, so in the US, this flick was x-rated. But who knows... If you're big fan of 'BASKETCASE', took this one. Yeah, same vein as creature movie like he did before.

DR. GIGGLES '93 Directed by MANNY COTO

A new horror hero, Dr. Giggles was born! He butchered like Jason, the 13th with medical appliances. And sneaking to the houses, hospitals, then suddenly he would stand behind you, the operation knife in his hand! He, the psychopath runaway from mental hospital and he is convinced that he is a doctor then starts diagnoses (murder) his patients! No one can't stop him. The scene (including several (or more) killings in his special ways. If your doctor acted like him, how would you face him? Yes, there's no way you can't escape from him and his operation. He slowly speaks to you with shining blade, 'Hey, it's time to diagnosis, baby'.

S.W.V. presents: Johnny Legend's UNTAMED VIDEO

Here's two special compilation edition videos for ya. These two videos fillings with many many cinema previews, highlights and commercials. The videos hosted by weird master, JOHNNY LEGEND.

First, 'BIKERS BLONDES & BLOOD', you know bikers brings you to violence, blondes tempt your desire and blood makes you to death! Most of you know the titles such as 'BUCKET OF BLOOD', 'I DRINK YOUR BLOOD' (GUT taken this filx

for intro), 'BLACURA', 'MOTORCYCLE GANG', and lovely blades on filxes. First you'd get violence, then sex, and finally you'll get full of bloody tortures. (Violence + sex + blood = This is what you want!) You got it? You ever experienced this 3 way sado-masochistic orgasm!

Also 'TEENAGE U.F.O. ROCK AND ROLL MONSTER SHOW', what a title! What can you imagine that from this title? Well, this video also fillings with some bloody cinema previews, and '50s '60s classic R'n'R movies highlights/previews featuring from Bill Haley & the Comets to Medicine Ball Caraavan. THE AWFUL DR. ORLOF '62 Directed by JESUS FRANCO

The creator of 'BASKET CASE' and 'FRANKENHOOKER!', the pioneer of cult movie, Frank Henenlotter selected all first time on videos 'Sexy Shockers' series. This flick is one of them. Here's some of his words, 'The first great horror film from my favorite director, Jesus Franco Manera. An obsessed surgeon trying to restore his daughter's fire-scarred face by abducting buxom young women and performing skin graft operations on them. Assisting him is his sadistic slave Morpho, a 'sightless idiot' (in creepy bug-eyed makeup), who occasionally BITES his victims (!), and keeps'em chained up afterwards. Dark, brooding, and perversely poetic, it also displays most of the fetishes that propel Franco's later, more explicit works. Highly recommended. By Frank Henenlotter' What would I say?

I DRINK YOUR BLOOD

'71 Directed by DAVID DURSTON
In the small town, hippie devil-cultists have arrived to searching something to eat. They attacked an old man and his son revenging by injecting rabid-dog blood into the meat-pies for their breakfast. Then they ate then all and kill each other. It's the start of cannibalism and killings. The disease was infecting to the other peoples in the small town... This, most disgusting guts ripping horror would be your gore filx collection. I think you already heard that GUT took preview of this gore filx for the intro on first 7"EP! Besides, you know, Robert of MEAT SHITS, also recommended you to watch this filx. A classic intense gore movie.

We gratefully thanks for Mr. Hayashi of SOMETHING WEIRD VIDEO Japan, and all at S.W.V., Inc. (USA). 'BIKERS BLONDES & BLOOD', 'TEENAGE U.F.O. ROCK AND ROLL MONSTER SHOW', 'THE AWFUL DR. THE MASTER SUSPENSE THRILL SHOW!

Midnight MOVIES

7EP review

AVULSED "CARNIVORACITY" cp

Undoubtedly, AVULSED brings us most brutal and highest form of heavy death metal. The title song "CARNIVORACITY" is 8 1/2 minutes long brutality and has three parts. The song structure is awesome, including doomy slow parts with keyboard! Also "CRADLE OF BONES", make sure kill me! Lowest brutalizing vocals which are take me to the graveyard and buried. And last one, a cover song of Chilian PENTAGRAM's "DEMONIAC POSSESSION" ('86), the old classic deathrash shot straight through my heart. Dave Rotten and Co. keeping steal our souls and eat them all!! This brutalist stuff from: M.M.I. records.

CLOTTED SYMMETRIC SEXUAL ORGAN adv. tracks for split EP

Only three songs but they can make me dead alot!! The incredible weird grind I've ever heard! How can you imagine that if grind meets heavy metal, hard rock and animation(!), and of course full of talented musicianship? The answer is here, you can find yourself. Low growls with harmonized spewing voice on the high speeded grind rhythms. I can't compare with any good grind bands, what can I say more? Songs were titled like "BARA BARE WAN", "I'M SORRY I WAS BORN" and "BORIC ACID DUMPLING", what do you know the means? Well, I only can say that

this is most original stuff you've ever experienced. But I'm not sure when it's out, ask MORBID rec. for more info. Also I heard their adv. songs. That's really cool, too. They must be out on comp. CD or split EP someday. Watch out and ready to explode of your dick! Read their interview for more details.

MEAT SHITS "WINDFUCK DELIRIUM" cp

Brand-new MEAT SHITS recording comes out with splatter cover art by Stevo (INSOMNIA/IMPETIGO). 18 most shitting songs on it. Sounds are more heavier than latest stuffs, and here's a few titles are "THE FAMILY TREE OF CUNTS", "USE YOUR PUSSY", "THE CORPSE IS MINE"... VULVA DESECRATION *cp*
 Their 2nd 7"EP release. It's fuckin' cool EP I've ever heard! Extreme raw and low tuned porn grind with intro from gore film. The combination can make you absolutely dead! Sometimes that intros feel too long but it doesn't matter, enjoyable. The songs are fuckin' filthy! Also their titles are long and freakin' sick as hell. Musics are fast, heavy and yes, grind! Their 1st EP was already sold out now, so if you want 'sick' one, get this masterpiece! Highly recommended!! From:

MANGLED TORSOS 'ANATOMIA REFORMATA' *cp*

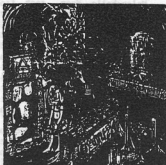

The debut of German sick/gore grind. Before put the needle I was really expected to gory sound. But then I got the sound which is heavy, dark and distorted. Vocals are harmonized extreme low voice which are terrific. Guitars are sometimes showing melody but still heavy. Here and there blast parts, but whole things are not fast. Basically mid-paced rhythms. A bit similar to German porn grind king GUT, but don't take seriously just my opinion. Not exactly the same. But this EP is limited to 360 copies, so already sold out now. They've just out full length CD.

MY DYING BRIDE 'UNRELEASED BITTERNESS' *flexi*

The gothic master, MY DYING BRIDE's early days rehearsal session. It was recorded 27/4/91. This flexi contains only one song 'THE BITTERNESS AND THE BEREAVEMENT', which is really bad sound quality (of course it's rehearsal version) but doesn't matter, too rare. If you really like their dark world, don't miss it. UNBRIDLED VOYAGE rec. 86 RAMSDEN ROAD/HEXTHORPE, DONCASTER/S-YORKSHIRE/DNA OBN, UK

NOCTURNUS 'POSSESS THE PRIEST' *cp*

Unfortunately this is their last material but come out good. Dan's vocals are better than latest album. Mike Browning left the band but it doesn't matter who on drums. High quality structure with technical elements are mixed up good. 'POSSESS THE PRIEST' is basic NOCTURNUS-ish song. 'MUNIFIED', the other side song which make me tears that's why their melodious harmony. It's too sad they broke up. But their name must be remaining all our minds. Better to listen this master piece. REGURGITATE/PSYCHOTIC NOISE *split cp*

RGT's 2nd split ep, this time coupling with Spanish grinder, PSYCHOTIC NOISE. As you already know the sounds of RGT, I like 100 times more than their 1st EP

I think. Fuckin' filthy as hell! They're grind/noise band but different from A.C.W. MEAT SHITS style. Otherwise guitars makes not total chaos, there's riffs. Yet songs are short as such bands. PSYCHOTIC NOISE side they play more grind style such as AGATHOCLES vein. Singing like old LEE DORIAN's. They're good grind act. Get this cool split from E.U.'91/CLUED STAMPS records

MEAT SHITS/CATATONIC EXISTENCE *split cp*

First tell you C.EXISTENCE side. They have huge industrial influenced slow tempo experimental sound which is unique style. Including one song on it, but you'll realize what sound they create just listen only one song. Very varied structure. No growls, no screaming. Spoken by Robert Deatrage. On M.SHITS side, as you know their sound is. These songs are same vein as 'ECSTASY OF DEATH' album. Some industrialized tunes are included. But still fast and sexual devastation. Great songs with great intro. Get this nice EP from Robert and Guy (of C.E.) own label:

DISGRACE 'AUTUMN SABBATH' *adv. cp*

I've got this adv. from my friend in USA. But I don't know this materials would be out on EP format from which label. Maybe not. Anyway the sound, they changed style to 70's influenced heavy death rock from fuckin' cool old XTSMK vein grinding death style. I prefer old style. I miss their self titled EP. Sound production is still bad. Songs are not bad. If I didn't take notice their band name, DISGRACE. But I still like DISGRACE I've never forget them.

DEATH FROM ABOVE 'HAPPY DEATHDAY /MEDUSA' *cp*

They called the style of DEATH FROM ABOVE that is ultra elaborate techno thrash/metal crossover. I can say that they're not so technical as band like DEATH, CYNIC and ATROCITY. Simply called power/thrash metal in old vein. If you looking for something thrashy, try to listen it. c/o K. LAPOPOULOS/11, NIKIS AVE./GR-546 24 THESSALONIKI/GREECE

EXTREME SMOKE cp

The Slovenian grinder gets your balls off!! Simple but really aggressive grindcore. Songs are very varied. High speeded blasts, noisy riffing. Vocalist has great growls as Jan of AGX. Sometimes they showed us weird parts, so it's their original. They've had touch of noise/grind influences. This EP really fits my ear. It must be your collections. Get this great EP! Write to:

SOULGRIND 'SANTA SANGRE' cp

What do you think about if Industrial mixed up with black metal? Answer is here, SOULGRIND shows us Industrial black metal (!). Actually, there's dark and horrific sound but not typical black metal sound. I can compare with... I don't know! They're too original! Not so fast, not singing like demon scream, and rhythms are really industrialized as well. Riffings are very complicated. I don't put them in the black metal category, most unique sound I've ever heard. From M.M.I. rec.

DECORYAH 'EBONIES' cp

Melancholic doom rock from Finland. These four piece plays total original doom world with no growls. The songs are featuring sorrowful melody which sounds really depressive. The clear vocals and acoustic arrangement takes me to the cold lake in somewhere in Northern Europe. Music fits the white snow. 'COSMOS SILENCE' and 'ASTRAL MIRAGE OF PARADISE', both songs are same direction and a bit rough play. Sometimes they using female vocals. The aid of keyboard sounds which is calm the aggressions inside of me. Also they've just released their full length. Both coolest stuff from: WITCHHUNT records

AGATHOCLES/NYCTOPHOBIC split cp

LIVE IN BANNWEIER GERMANY

Split master AGX's live material 2 songs, which are really raw. But it doesn't matter, live or studio recording. They are really raw as themselves! Great grinding live EP. On NYCTOPHOBIC side also live materials, too. Plays are tight and really aggressive. But I think they are not used to play live, just more relax. I want to hear their studio recordings. You should get their 'NEGLECTED RESPECT' 6 songs EP, of course it's studio recording. From: M.M.I. records.

SYMPHONY OF GRIEF 'REGURGITATED CORPSES DROWNING IN SORROW' cp

Incredible pounding doom maniac from N.Y. They use drum machine on drum parts but you can't tell! Really good rhythms as human player. Songs are slow, depressive and doomy such as 1st CATHEDRAL, GOOSEY and so on. Really dark sounds they play. I love this great doom EP and they kill me!! They're really great doom/death band I've heard in a couple month!! Their lowest vocals reminds me of MORTICIAN. Besides, quite original songs they play. If you are into total slow doom metal bands, so this EP is enjoyable. On green wax. A must!! From:

SENSELESS APOCALYPSE full 7" cp

I've just got this adv. tape recently. This is cool noise core!! SENSELESS APOCALYPSE shows us A.C. vein noise grind and more hard core-ish. These 21 all new songs are little bit different from their first demo's. I prefer this EP. Sometimes noise music is boring to me (my honest opinion, but I love noise music!), but they're not. As you see MEAT SHITS, are they boring? You know the answer is. I like this EP from just first listen. Sounds are really nice production. But just wait a little while 'cause this EP should be out in October. Ask REGURGITATED SEMEN records for more info.

This is not, just chaotic noise core here. M.S. and A.C. are pioneer of noise music 'cause you can hear what noise music is on this EP. If you want just noise, choose this shit! At first listen, I didn't know that they're all female members. What do you expect from female band? Well this one feels good. Vocals are low growls, too heavy sleazy song on it. The 3rd EP from German porn grinder, GUT. This EP including 4 quite long songs such as 'WOMEN IN DECAY' and 'BIZARRE REALITY OF BEASTIALITY'. This materials are less of speed than their latest stuffs. The focus into heavy and bottom. I like thier fast tunes but it's okay, heavy is also one of their essential. Not only slow tunes, yes there's fast one, of course. As I said before extreme low voices are still excellent as hell breaking loose. Sometimes he use high pitched spewing voice which is also great! The five piece New Yorker has ex-members of PUTRIFACT and FUNGUS, and plays brutal heavy death metal. Songs are combines doom parts and sometimes fast blast speed parts. Slow but really brutal death metal they play. They reminds me of godly INCANTATION and mighty INVOLATION, but more slow and doomy. Song structures are quite good and lots of breaks. Yet typical but has really good talents. Both two songs are same directions, dark, heavy and brutal as hell. Sound productions are quite good. I like this shit! They have much hope in the future. EXCESS OF CRUELTY

Lots of breaks with catchy and strong riffs are mixed up. Pretty good structure and nice vocals. They holding good talents to create full of brutality and intention. Worth checking out. Great band.

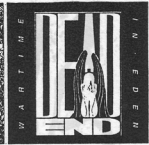

SACRAMENTAL SACHEM

This band has very unique rhythms. Vocals are really interesting. Song structures are unique, too. Quite original stuff. I couldn't hear that this band is kinda black metal. Watch out for next materials.

SUBJECT

This brutal grinding death band holding 2 type vocal, hard core and mid growls. Songs are quite strong and has fast grind beats but a bit typically. Actually this band playing kinda deathrash.

DEAD END

Unfortunately, this band split up now. But music is very cool! Death metal meets touch of doom/gothic elements. Sometimes it reminds me PARADISE LOST. Really great band, it's so sad they broke up.

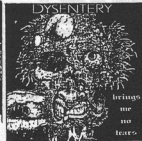

BOWEL CRUST (split)

BOWEL CRUST is a grind influenced death metal. They have good structure and lots of tempo changes. This split contains only one song 'DOOMED', but it notice us how style they play. Quite original.

PATHOLOGY (split)

PATHOLOGY featuring incredible female vocal that is strong low growl singing. The song structures are pretty good and has brutal grinding death style. The lyrics is also really gore and pathological stuff.

DYSENTERY CD

This German trio play gore grind such as CARCASS. Especially vocal styles are really similar to Jeff Walker. Song structures are good and fast blasted. One of greatest CARCASS follower.

REGURGITATE CD

2nd full length release. This gore grinder plays fuckin great songs! Contains all new recording 37 most sickest songs. Less of vocal effect, riffs are too light. But songs are still short 1 or 2 mins.

with VAGINAL MASSAKRE and it totally blow me away. It was soooooo fucking brutal I loved this band from the minute I heard them. So I asked them for a split CD with DYSENTERY but at that time they had some problems so they couldn't, so I put out a full length of DYSENTERY. But I still wanted to do something with RGT so I printed some T-shirts after that we stayed in contact and they recorded a split CD with DEAD (which will be rereleased by POSERSLAGHTER records from Germany). But Rikard wasn't that happy with their new songs so he asked me if I wanted to release something of them. I said yes but the songs had to be in the old vein, he agreed and the recorded 37 new tracks of fleshripping grind/noise. The CD will get a full color cover and some extreme pictures on it just watch out for it!

7) WHAT PLANS WOULD YOU RELEASE IN NEAR FUTURE?

8) IS LOWLAND REC. WANTS TO DEAL WITH NEW AND YOUNG ULTIMATE GRIND/NOISE BANDS? SO, ANY WORDS FOR THOSE BANDS?

— Those bands have to be very brutal and I also put very much attention to the vocals. Those must be as putrid as possible.

ALBUM review

REGURGITATE 'EFFORTLESS REGURGITATION OF BRIGHT RED BLOOD' cd

from: LOWLAND records

Wow! Fuckin' cool!!! This is amazing perfect gore grind album I've ever heard!! This masterpiece gonna definitely regurgitate all of your guts!! Really brutal raw and wall-of-sound recordings stuff which forgot me CARCASS's 'REEK OF PUTREFACTION'. All 37 new tracks of purulent gore splatter noisy grind, sickest release ever! I can't explain how good is, but I only can say just great!! Get this coolest effort quick as possible as you can. Fuckin' highly recommended!! Buy it!

FURBOWL 'THE AUTUMN YEARS' cd

from: BLACK MARK

Their first album 'THOSE SHREDED DREAMS' was a great death metal album like ordinary Swedish sound but really original. I've been enjoying the album so far. 'THE AUTUMN YEARS', they added new elements such as '70's rock, and sounds are close to grind rock band like a XYSMA and LUBRICANT. But they still have original sound style. Lots of good melodies and harmonies, vocals are not only growling. Still, they have brutality and play death metal vein but trully FURBOWL has individuality as well. The fuckin' killer album from Sweden.

CANNIBAL CORPSE 'THE BLEEDING' cd

from: METAL BLADE

I know some underground people hates C. CORPSE. But why? Are they too much commercialized? People nothing to understand about C. CORPSE. They are one of best death metal act and play really great! Their 4th album 'THE BLEEDING' sound is much better than latest stuffs and riffs are more technical. Songs are higher form of average death metal but their lyrics are... you know what I'm saying, just a gore! There's no lyrics sheet but some are 'FUCKED WITH A KNIFE', 'THE PICK-AXE MURDERS', 'SHE WAS ASKING FOR IT'. And producer, SCOTT BURNS was really good job! This is their best materials yet. Buy!

MY DYING BRIDE 'TURN LOOSE THE SWANS' cd

from: PEACEVILLE

M.D.B. is my all time fave band, so I was really impressed when first listen of this album. 'Cause they still holding total original ideas. Less of low growls and put some acoustic arrangements,

Aaron using normal voice on this songs which feels toward fear of darkness. Most incredible voice. Their melancholic violin sounds tempt me a depression and down into the swamp. They no longer slow death metal band, absolutely GOTHIC! Nobody can't touch their overflowed mind. Don't waste your time to listen other craps.

PUNGENT STENCH 'CLUB MONDO BIZARRE' cd

from: NUCLEAR BLAST

Their 3rd full length album finally out! The most sickest cover art had been riveted to my eyes! Musically they changed style to more groovy, heavy and sick. When you first time listen to this album, you can join the 'CLUB MONDO BIZARRE'! They no longer using blast beats now. But it doesn't matter, this is fuckin' killer release of this year. This album, focus into just a heavy, no speed of light song. Anyway, if you wanna get sick, choose it for your medicine.

NAPALM DEATH 'FEAR, EMPTINESS, DESPAIR' cd

from: EARACHE

Grind godz returns with their strong new effort! Honestly I didn't expect this fuckin' great songs 'cause I didn't enjoy the latest stuff 'UTOPIA BANISHED', not so much. 'F.E.D.', this time they play groovy which are influenced by some industrial stuff. Guitars are more chaotic and complicate than before. They absorbed many kinds of music before the recording, you know MEATHOOK SEED and BLOOD FROM THE SOUL, where they came out. So all answer is here in 'F.E.D.' album. Worth checking out.

XYSMA 'FIRST AND MAGICAL' cd

from: COMEBACK

Here's grind rock master, XYSMa's long awaits new album. The band added a keyboardist who featuring every songs on this album. And vocalist using more normal low voice. Guitar sounds are not typical death/grind sound, really 'rock' sound. And incredible drumming is still alive. Songs are more closer to rock'n'roll (except one country-ish song) category. On this album I can compare with LENNY KRAVITZ, JIMI HENDRIX and THE DOORS like 70's sounds. Well, I'm really enjoying this CD, but I still love their 'YEAH' album. If you think so, you'll love it, too. XYSMa is my all time fave. A masterpiece!

KATAKLYSM 'THE MYSTICAL GATE OF REINCARNATION' cd
from: NUCLEAR BLAST

Canadian satanic grinder's first mini CD released. They've got crazy violent fast grind sound. Really fast, from the beginning to the end. Also sound productions are really heavy as well. The chaotic guitars are sounding crazy chainsaw. They play fast paced grind with satanic lyrics. First song is a trilogy, separated three parts which story is worth checking out. This band is not a black metal, they're satanic blast beaten pounding grinder. A total amazing sound!

A.C., 'EVERYONE SHOULD BE KILLED' cd
from: EARACHE

A noise core band finally dealt with big label. This is their best productions yet. Sometimes I heard A.C. got the deal with shitty label, so they hate A.C., but I don't care who deal with what label! I want only music and music is most important for us. Well, this album containing many songs. (total 60 minutes) what the fuck! You know, they play sometimes too slow and heavy, that's too cool! If whole songs would be all extreme fast, then I'll feel boring. So this is a great noise album! E.S.B.K. presents you total chaos and devastation!

SENTENCED 'NORTH FROM HERE' cd
from: CENTURY MEDIA

Finnish four piece brutal death band's second album. They totally changed sound style! They no longer use low growlings on this CD. His singing like Jeff Walker or Mirre Petroza. I was very impressed when I heard it. 'Cause there's full of good (and brutal) melodies! Riffs and harmonies are all fuckin' cool! They established own originality now. No same sound as 'SHADOWS OF THE PAST', their first lp. That's a typical Swedish death sound but they are not now. Songs are still fast but really clear production reminds me kinda deathrash metal. Don't expect same sound as their first album. This one is great than ever!

FETISH 69 'ANTIBODY' cd
from: NUCLEAR BLAST

Such a good name they are! I like this name. Well, this band sound not death metal or grind, but I've got lots of impressions from this band, than crap, boring and trendy death/grind posers. Sounds are industrialized hard edge alternative core metal similar as FUDGE TUNNEL. And they have sick mind as well! As you see the 'FETISH 69', it's so sick name. Their latest stuffs are no so well production. This time they used Colin Richardson as a producer that the production is fuckin' heavy and fits their sound. Don't hesitate get this album for your collection. Worth checking out!

DISEMBOWELMENT 'TRANSCENDENCE INTO THE PERIPHERAL' cd
from: NUCLEAR BLAST

Here's most original doom/death band ever! Their style is very unique, grind, gothic, new wave, doom and atmospheric sounds are mixed up. Ultra low growls, fast blast beats with gothic riffs. All songs are very long and ssslllllooooo! Sometimes they used female voice and acoustic sound. Much full of talented ideas on this CD. Worth checking out! Besides, the mini CD 'DUSK', too. Highly recommended!

DEAD INFECTION 'SURGICAL DISEMBOWELMENT' cd
from: MORBID records

From Poland, pathological grinder's incredible debut full length! When the first riffs hit my ear my brains are blow fuckin' away! Hey, where's my brain? I searched my room! Really great grind album, this is. All 9 songs has no boring parts! And sounds are really raw and fuckin' wall-of-sound. It makes me totally crazy! Don't think even a fuckin' minute, just order now! It never disappoint you.

DYSENTERY 'BRINGS ME NO TEARS' cd
from: LOWLAND records

The German gore grinder, DYSENTERY's first full length CD here. This 3 piece band plays really pathological grind like early CARCASS. Vocals are two type and main vocalist is similar to Jeff Walker. Low ones use harmonizer. Lots of tempo changes and breaks are good way. If you thinking CARCASS's 'HEARTWORK' is suck, then get this CD for your ears. One of the best CARCASS follower. Let's get the sonic pleasures of genital pathology!

ENCHANTMENT 'DANCE THE MARBLE NAKED' cd
from: CENTURY MEDIA

England's new gothic master, ENCHANTMENT. They've got the deal with CENTURY MEDIA, no demo release. This album recorded at Achademy studio and produced by Hammy, the Peaceville brand. Why don't you expect MY DYING BRIDE and ANATHEMA sound? Yeah, they're the same vein as above mentioned band. All the way through good way gothic sound on this CD. A must for all gothician.

IMPALED NAZARENE 'UGRA-KARMA' cd
from: OSMOSE productions

Fuckin' Incredible release from OSMOSE! The god of cyber-punk-sado-metal, IMPALED NAZARENE's second full length comes to us. Honestly I didn't enjoy their first full length so much, but this is so fuckin' fits my ear! I love this shit! Fast grind rhythms and devilish screamings are must rape all of weakened souls. The musics can be destroy the churches without any hammers and fires. Buy the fuckin' shit!

FLESHCRAWL 'IMPURITY' cd
from: BLACK MARK

Germany true death master finally out the long awaits second album! This time, they had great help of Dan Swano of EDGE OF SANITY as a producer. And including a cover song, DEMIGOD's 'REINCARNATION'. Dan also appeared on the vocals and keyboards at recordings. Also Rikard of NECRONY did some vocal parts. Sounds are really raw and brutal as hell. Yeah, this is most brutal album on this year. Songs are same vein as first album but more intense ever! I really like this shit. Fuckin' highly recommended!

MY DYING BRIDE 'I AM THE BLOODY EARTH' single cd
from: PEACEVILLE

The title song is a fuckin' impressed me at one listen! Such a great song, their best material yet. Slowly but surely tempt me a world of beyond darkness. Second song is sampling version from their old materials. Last song is re-mixed version of 'CROWN OF SYMPATHY', which sound is totally better than second one. All gothic maniacs should get this CD for your collections, a must!

SADNESS 'AMES DE MARBRE' cd

from: WITCHHUNT records
These Switzerland's four piece holding several kind of music such as death, gothic, doom, ambient, new wave and lots more depressive sounds. Their latest demo was kinda death metal sound but this CD songs are full of original tastes. Whole musics can through our mind so directly. This is kinda trip music. They're not gothic followers.

DEAD WORLD 'THE MACHINE' cd

from: NUCLEAR BLAST
Slow but not doom, mechanized but not totally industrial. They can make very unique style. What do you expect it? GODFLESH? PITCH SHIFTER? The answer is not DEAD WORLD is a quite original as well. 'THE MACHINE' shows us suffocation mechanical heavy dead beaten industrial death. Songs are long but no boring parts from the beginning to the end. Heavy, pounding, and great album in these industrial category.

CARCASS 'HEARTWORK' cd

from: EARACHE
The cruel king in Liverpool. CARCASS lost their heart and underground fans. This album is not death metal album, just a shilly melodic deathrash. They totally sell out their mind. I can't comment about this shit no more! But one thing, the single 'HEARTWORK EP' (including two unreleased tracks) is also fuckin' boring and they played them in Japan! That's fuckin' nightmare!! I don't know what they thinking! Where are they go from now? Where's my CARCASS? They change their name, said Mark from IMPETIGO. I totally agree with him!

NECRONY 'NECRONYCISM :

DISTORTING THE ORIGINALS' mini-cd
from: POSERS/LAUGHTER records
Fuckin' enjoyable! This all cover songs are really nice to listen. Including the roots as CARCASS (early!!!), IMPETIGO, REPULSION, BOLT THROWER, NAPALM DEATH and CARNAGE which songs are really good choice. Sounds are raw as well as studio live. Well, just take your hand and listen for yourself. Also their closer friend, Dan Swano helped alot for this recordings, this's good job. This is a fun project but you should get this shit!

PROMOTERS OF THE THIRD WORLD WAR comp.

'A TRIBUTE TO VENOM' cd
from: PRIMITIVE ART records
You know, VENOM's influences are so huge for todays scene. Such as black/death/doom/HC/noise/whatever extreme music. Mostly death metal and black metal bands got really directly. Here's Swedish (almost) band's tribute album. But I don't know any Swedish punk/HC bands, some are shit, some are crap. Death metal bands (ALCHEMIST, FLEGMIA, FURBOWL, AFFLICTED, THERION, DERANGED, DEAD and MORPHEUS) are cool and they choose good songs. Check it out.

ROT 'CRUEL FACE OF LIFE' cd

from: MORBID records
True, true grind core sound here! They play basic but great grind which are NAPALM DEATH and AGATHOCLES vein. There's no death metal influence, just grind as well. Fast, heavy and really raw!! These Brazilian bastards are really cool!! Don't spend your money for the shilly craps. This is

what you need! And also this CD including their latest two EP's songs. I love it!! Great grind CD!

BLOOD DUSTER 'FISTING THE DEAD' mini-cd

from: DR. JIW'S records
The first mini-cd from Aussie sick porn grinder, BLOOD DUSTER. Do you remember their 'MENSTRUAL SOUP' demo's sound? It's cool stuff but too similar to CARCASS. But now, they've got more established sound as closer to grind style as NAPALM DEATH and ASSUCK! And more shorter than before. Really good grind album I've heard in a couple months. And really expected debut!! Their lyricses are gonna definitely fuck you up! Get your own copy from DR. JIW'S records right now. (see flyer in another page) Highly recommended! Get sick!!

UTUNNO 'ACROSS THE HORIZON' mini-cd

from: CENOTAPH records
A new from Tomas sound in Sunlight studio. This Swedish four piece come out really good way. This mini-cd containing some new songs and re-recorded version of their latest EP songs 'SAVIOUR REBORN' and 'IN MISERY I DWELL' which are much better productions. Why those Swedish death new comer has so good quality and talents? Sweden is a best-country for death/grind music? I think this debut is better than DESULTORY, anyway.

LUBRICANT 'NOCKLEPTIA' mini-cd

from: MORBID records
All CARCASS followers has good talents to create their own originality today. See the BLOOD DUSTER, NECRONY, and the case of LUBRICANT, they play grind rock like XYSMA vein. Songs, lyrics and play are all well done. They're so talented band and so young. I really want to hear their full length album so soon. Great grind rock release!

INNER THOUGHT 'WORLDLY SEPARATION' cd

from: WITCHHUNT records
It's hard to explain which album including some varied source. From the bio, they play kinda industrial music. But for me, I can hear the mixture sound such as thrash, death, gothic and yes, industrial music. Drum parts are reminds me DEAD WORLD's mechanized rhythms. Guitars are technical as well. (long featured solo) Sometimes I can feel atmospheric elements. If you tired typical death metal then choose this total original stuff.

MANGLED TORSOS 'DRAWINGS OF THE DEAD' cd

from: MORBID records
German sick/gore grinding death, MANGLED TORSOS's full length here. Their musical directions are a bit similar to DEAD, GUT and such like sick bands. But most difference is that they use some keyboards on the slow parts. And has melodies. Songs and vocals are really great but riffings are a bit boring to me. Except that I really enjoyed the CD. Vocals are extreme low growls and harmonized vocals which are really sick. Well, this CD containing re-recording version of their latest EP's songs 'DISSEMBLE' and 'MALIGNANT TUMOR' in much better productions. For all sickos!

PARAMAECIUM 'EXHUMED OF THE EARTH' cd

from: WITCHHUNT records

A new doom star from Australia. PARAMAECIUM shows us talented song creation and good structure. I suppose they've got the hint from 1st CATHEDRAL. Yes, they're not using any speed parts (especially blasts), so you'd get total doom sounds. No DISEMPOWERMENT, AMORPHIS and PYOGENESIS sound. Also they can handle with christian lyrics. PARAMAECIUM is one of the best doom (Not doomy death) metal band. If you really into 1st CATHEDRAL, don't hesitate just buy it. Really depressive 70 minutes long real doom metal sound for you. There's no doubt, a MUST!!!

MEAT SHITS 'ECSTASY OF DEATH' cd

from: WORIBUND records

This is new MEAT SHITS' full length release. First tell ya my honest opinion, don't even think just BUY IT!! Well, not enough? So I think this is their best materials and productions yet. Also songs are really varied such as noise, grind, death, industrial, porn (!), gore and lots of shits!!! Robert's vocals are really cool than ever! Most of the songs are more closer to real death/grind vein but you know, really Meat Shits! Total 70 minutes long ecstasy! This album definitely fuck your life up!! Great release!

PHILEBOTOMIZED 'PREACH ETERNAL GOSPELS' mini-cd

from: M.M.I. records

After the great succeed debut EP, 'IN SEARCH OF TRANQUILLITY', they finally recorded new mini-CD. This Holland's doom/death star creates really good songs! Fast, slow and melodies are mixed up so well. They have seven members including violin and keyboard which are not so to feature but that is the key of PHILEBOTOMIZED. Senseful, talented band from Holland. 3 new songs with 2 from 'DEVOTED TO GOD' demo. A must for all doom/gothic death fans.

BLOOD 'O AGIOS PETRIANE' cd

from: IMF records

Follow up the great 'CHRISTBAIT' album. BLOOD returns with 'O AGIOS PETRIANE' album, which shows us much more sicker than before! They had been called German answer to gore metal king, IMPETIGO. I agree with it but BLOOD has not so close musical style. Both band's lyrics are similar such as gore, sick and cruel. I really love both bands alot! BLOOD's songs are really tight and sounds are very heavy and raw!! I recommend this great album to all of death/grind motherfuckers!!

DEAD/REGURGITATE split cd

from: POSERS/SLAUGHTER records

These sickest bands are really cool!! DEAD, the German sick porn grinder plays heavy grind with two type vocals which are so good singing. Sounds are really raw as hell. All 8 tracks are same direction as latest EP, 'SLAVES TO ABYSMAL PERVERSION'. Well, REGURGITATE, their new tracks are so cool grind. But they no longer use harmonized vocals so much. Rickard of RGT said to me, he doesn't like these split's songs. But who cares!! We can fully enjoy their new songs!! And their full length songs are real killer than this split!! You should listen this split first, then buy a full length. I'm really satisfied with them!! Also bonus tracks, their first split EP songs with VAGINAL MASSACRE.

ETHERIAL WINDS 'SAVED' mini-cd

from: M.M.I. records

Holland's doomy death metal debut mini-CD. Their music combines death with PARADISE LOST like gothic/atmospheric elements which helped keyboard sound. But they brings nothing new yet. Average riffs and rhythms are a bit boring to me. However they've put some good ideas on atmospheric parts which I really like. So let's wait and see what happen in their future. And full length come out soon from CYBER music. Check it out.

AGATHOLES 'BALCK CLOUDS DETERMINATE' cd

from: CYBER music

Here's long awaits second full length album finally out!! It containing 16 new tracks + 14 live materials at Mannheim, Germany. Total 70 minutes long mncing grind core. Their new tracks are much closer to grinding death style and using inhuman harmonized vocals in better ways. On this recording, they use three type vocals such as low growls, mid screaming growls like Jeff Walker and harmonized one, which combination is so cool!! Rhythms are still fast paced blast beat and smashing grind guitars. They also keeping anti-sociality and underground attitude. Sounds are clear but really raw as well. It must be fuck your brains out!! And I can't say nothing about live materials, 'cause it's really cool!! Fuckin' highly recommended!

GOLGOTHA 'CAVES OF MIND' mini-cd

from: REPULSE records

These Spanish four piece doom/gothic death heads reminds me of early PARADISE LOST sound. Slow, heavy and melancholic melodies flowing out the songs. Guitar harmony is really close to PARADISE LOST's. Key board sounds helped then so much. And they've got huge influence from SABBATH 'cause a cover song 'SNOW BLIND' prove it. Also they use some acoustical parts on each songs. This five songs mini-CD is for all doom/gothic fanatics. You should check this out for yourself.

PYOGENESIS 'WAVES OF EROTASIA' mini-cd

from: NUCLEAR BLAST

PYOGENESIS finally got a deal with NUCLEAR BLAST and here's intensive new recording! They proved their song writing is certainly and still original as well. 'WAVES OF EROTASIA' meaning combines with erotic and fantasia, make sure the songs are holding aesthetic guitar melodies and morbidity. Female vocal part reminds me of gothic/doom bands but they're not only focusing on it. But yes, songs are slow and depressive as those bands. However I can find the differences as PYOGENESIS themselves. Only four songs but really grateful stuff. I can't still believe they have two GUT members. It's total difference, you know. We can expect their full length, really!

Mega thanks for all label/distro guys all over the world! Especially LOWLAND records, WITCHHUNT records, WORIBUND records, WORIBUND records, NECRONARMONIC productions, PEACEVILLE, AX/CTION records, OBLITERATION records, CHAMPAGNE records, COCTUS promotion. Thanks alot! Keep fuckin' up good work. C-ya.
